## 4 SHOT TO DEATH BY MAD MAN

Tragedy in Minnesota is Outgrowth of Love Affair

## GIRL'S PARENTS ARE SLAIN

Her Suitor and Officer Also Victims of Crazy Admirer

KELLIHER, Minn. — (Associated Press) — A man slayer of four, is fleeing thru the north woods before a posse formed here which took up the search at dawn.

Leonard Portano, 33, yesterday slew Mr. and Mrs. John Sanders, of whose 15 year old daughter, Myrtle, he was enamored; Oscar Timmy, 30, farmer and suitor of the girl, and J. A. Wilson, marshal of this village and deputy sheriff, who sought to arrest him.

The shootings occurred at separate times, in both the morning and afternoon. Before fleeing, the murderer went to a timber cutting plant he operated and left a signed confession with a list of the dead.

**BEGINNING OF TROUBLE**

Early yesterday Timmy and Portano engaged in an altercation over Myrtle Sanders, during which Portano shot Timmy thru the leg. Timmy came eight miles from the farm where the shooting occurred to this village, had his wounds dressed and reported the case to Marshal Wilson.

While Timmy was gone, Portano went to the Sanders home and shot dead the mother of his sweetheart. Upon leaving the Sanders home, he met the husband of his first murder victim, took him to a nearby cabin, bound him to a bed post, and shot his head off.

Near this village Portano met Marshal Wilson, who had left to arrest him for shooting Timmy, and shot the officer dead.

**FOURTH VICTIM**

Next he encountered Timmy who was going to the village to learn what had been done towards arresting Portano for wounding him, and again Portano's pistol fired a fatal bullet, Timmy falling dead in the highway.

Altho Myrtle Sanders is missing it is stated she was not harmed or kidnapped by the desperado. It is believed some neighbor has sheltered her in an attempt to help her bear the sorrow caused by the tragic loss of her parents and sweetheart.

The killer had been avoided by local people because of his hasty temper. He recently was before the grand jury as a result of a controversy with his brother, a nearby farmer and his only known relative. The grand jury returned no indictment, however, and the nature of the case was not disclosed.

The man is only about five feet tall.

**GIRL IS FOUND**

HEMIDJI, Minn. — (United Press) — Myrtle Sanders, 15, was found by police in the depths of the North woods today after a night of terror in which she was forced to accompany Leonard Portano, slayer of four persons, including the girl's parents.

Sheriff Arthur Johnson, who reported finding the girl, said her mad lover had forced her to follow him while he killed her parents, a rival suitor, and marshal who came to arrest him.

Myrtle was found at Portano's camp. The murderer had escaped into the timber with possums combing every thicket in search of him.

**BISHOPS URGE ENTRANCE OF U. S. IN LEAGUE**

DALLAS, Texas — The house of bishops of the Protestant Episcopal church at the concluding session of a two day meeting yesterday advocated entrance of the United States into the League of Nations or immediate steps by this country to organize some other effective association or council of nations for the purpose of attaining amicably international disputes and thus save us from the great danger of another world war.

Copies are to be sent to President Coolidge, Secretary of State Hughes and the chairman of the senate committee on foreign affairs.

Other action by the sixty-three bishops was the reaffirmation of the liberalism of the church's expressed beliefs, including the Virgin Birth of Christ, in a declaration of creed; and the sending of Bishop Thomas P. Gailor to Japan to investigate the situation relative to readmission of church activities and possibility of establishing a separate church there.

## Shank Baby May Not Be Found

### DEFENSE LAWYERS CLAIM THEY DO NOT HAVE IT

Judge Eastman Halts Questioning of William Tenwalde

### "JURY FIXING" ATTEMPTED?

Warning is Given at Opening of Court Friday Morning

Whereabouts of the missing child of Charles Shank and Olivia Tenwalde may not be learned as a result of the bringing to Putnam-co of Miss Helen Fox, in charge of the Sisters' Home in Cincinnati, and at which place the babe was left, following its baptism in July, 1921.

John T. DeFord, chief counsel for Shank, who is charged with killing Mrs. William Tenwalde, announced Friday that whereabouts of the child were unknown to the defense. He said that unless Miss Fox knew and revealed the place where the child is, the defense had no means of ascertaining its location.

He branded as false a rumor which gained great credence during the morning that the child was in the home of a Catholic family near Glandorf and that DeFord could produce it within an hour's notice.

**CHILD IS CENTER**

Interest in the trial centers about the child. The defense has built its whole case around the baby.

Miss Fox will be called to testify during the afternoon.

There is little probability that Shank will take the witness stand Friday, the defense first laying the ground necessary to support their contentions. Shank will be used in a last effort to substantiate this contention.

Walter Shank, residing near Continental, and brother of Charles Shank, was the last witness called before court closed Friday at noon.

**PARENTS AIDED**

He told of the love of Charles Shank for horses and children and said that the years since his father had been dead, Shank had contributed his share, financially, to aid his mother, now 67 years of age and an invalid.

He said that when Shank arrived at his farm home late at night on the twelfth of September, the day before he surrendered, he had a gun in which one cartridge remained.

He said Shank always carried a pistol in his buggy under a blanket on the left side of the buggy seat.

Ralph Troyer, farmer of near Continental, for whom Shank worked, will be called to testify as to Shank's habits during the time he worked for him.

Efforts of the defense to impeach the testimony of William Tenwalde, husband of Mrs. Tenwalde, were halted Friday morning by Judge E. R. Eastman.

**TENWALDE RECALLED**

To that end, Tenwalde was recalled to the witness stand and questioned. Judge Eastman upheld the contention of the prosecution and refused to allow Miss Irene Tenwalde to answer a question put by the defense that her father had influenced her in her testimony.

Miss Hazel Clark, superintendent of the Home for the Friendless in Cincinnati, told of the visit of Charles Shank and William Tenwalde to the institution in July, 1922. She said that the first question Shank asked, upon his arrival, was to see "our little darling."

Miss Clark said that the baby was brought down to the waiting room from the nursery, but that William Tenwalde refused to look at the child.

Further testifying, she declared that Tenwalde said marriage between Shank and Olivia was impossible, because Shank was too old in years for his daughter and the two were of different religious beliefs.

Miss Clark testified that Shank took the child in his arms and fondled it.

Miss Clark stated that they took the child away and that she saw no more of it.

**"TAMPERING" TOLD**

Judge E. R. Eastman announced at the beginning of court Friday morning, that he had been informed efforts had been made by certain persons to interfere with testimony being given in the trial and to influence the jury.

He announced from the bench that this was one of the greatest hindrance to the administration of justice.

## MURDER, SUICIDE STALK TRYST

### Bank Robbery Frustrated By Phone Operator

DANVILLE, Ill. — (Associated Press) — What is believed to have been an attempt to rob the First National Bank of Hoopston, north of here, was frustrated early today by Miss Ada Farrell telephone operator there, who turned in the fire alarm when the telephone cables were cut.

The lights on the switchboard indicated that something was wrong and being unable to call any one over the telephone, the operator started the fire alarm bell. Hundreds of people were soon in the streets, seeking the fire. The burglars are believed to have fled without entering any building. Only ten telephones out of a total of 1,195 were left in commission.

### FOUR ARE JAILED IN MURDER MYSTERY

Arrests at Dayton Expected to Solve Killing Near Lebanon

### TWO OF PRISONERS WOMEN

Slain Man's Body Found in Little Miami River

DAYTON — (Associated Press) — The arrest of Guy Bryant, 48, a railroad section foreman, his wife Bertha, 45, charged jointly by police with the murder of Russell Sunday, and the apprehension of Cecil Bryant, 22, daughter of the couple, and Leonard Wilcox, 50, was expected by police to be followed today by confessions from the prisoners, who are being held in the Montgomery county jail.

A solution of the murder mystery, which has been puzzling authorities of several counties and cities since October 28, when Sunday's body was found in the Little Miami river near Lebanon, weighed to the bed of the stream by heavy angle irons which were fastened to the corpse with wire, was believed by police to be imminent when Bryant, his wife and daughter and Wilcox were arrested at the Bryant home yesterday.

**ANOTHER SOUGHT**

Lem Byrd, a roomer in the Bryant home and reported fiancé of Cecil Bryant, is being sought by police as an accomplice in the crime.

Byrd, according to the Bryant family, went to Irving, Ky., Tuesday morning, having received a telegram Monday night which informed him that his mother was critically ill. It was expected that he would arrive in the city some time today.

Sunday was a neighbor of the Bryants and it is reported that he recently sold his property to Byrd.

### Phillips' Judge Was Prosecutor In Last Murder

KENTON — An interesting sidelight on the present murder trial in this city, in which Charles Phillips is being tried for murder, is the fact, that Judge Hamilton E. Hoge, who is presiding over the present session of court, twenty years was cast in the role of prosecutor of Hardin-co's last previous murder trial. This was the William Nichols case and attracted state wide attention as he was one of the first men to be electrocuted at Ohio state penitentiary.

### TRIANGLE DRAMA HAS TRAGIC END FOR COUPLE

Former Lima Man Slays Wife and Self, Police Assert

### MATE AND LOVER TRAPPED

Richmond, Ind., Hotel Scene of Fatal Denouement

Evelyn Slusher, 19, and her husband, Merle Slusher, 23, former Lima residents, are dead as the result of the tragic end of an eternal triangle drama which Thursday night came to its denouement in a Richmond, Ind., hotel.

That Slusher killed his young wife and then slew himself when he trapped his erring mate in a liaison with a grocery clerk is the belief expressed by Richmond police, according to news dispatches. Clarence Petro, 25, the second man in the case, is under arrest.

The Slushers in September, 1922, ended their several years residence in Lima and moved to Hagerstown, Ind. Hotel employees at Richmond say the woman arrived there last Sunday and registered as Mrs. J. B. Smith of Lima. She was joined later by a man who registered as her husband, they assert.

Petro is said to have been identified by hotel employees as the man who followed Mrs. Slusher to the hotel and registered as J. B. Smith and went to her room.

Things began to move swiftly to their tragic climax soon after the arrival Thursday evening at the hotel of a real husband who registered and went to the woman's room. Thereupon he was informed by the hotel proprietor that another man previously had registered as the woman's husband.

Slusher then went down to the hotel lobby, the report says, consulted the register and returned to the room.

A few minutes after hotel employees heard two shots. They called police, rushed to the room and discovered both the woman and Slusher in a dying condition. When police arrived both victims were dead. The bodies were removed to an undertaking establishment where the autopsy was to be held Friday, according to Coroner Edgar Bond.

Petro, the surviving member of the triangle, was formerly a resident of Hagerstown where the Slushers had resided. He but recently had moved to Richmond. He is married and has one child. Petro had an automatic pistol in his possession, police say, when they searched him after arresting him. Police claim Petro told them of having received a warning that Slusher was coming to Richmond. Pending placing of definite charges against him, if any are determined upon, Petro is being detained as a material witness. He is employed by a chain grocery concern.

## JUROR VICTIM OF ATTACK IN KENTON CASE

Sheriff Hunts Assaulters Who Fired from Passing Car

### \$500 REWARD IS OFFERED

Prosecution Attacks Apparent Insanity of Phillips

Adjournment of the Phillips murder trial at Kenton until next Thursday was announced Friday following the mysterious shooting of Charles Schindewolf, one of the jurors. As the court failed to seat a thirteenth juror prior to the start of the testimony, it will be necessary for the trial to wait until Schindewolf is recovered sufficiently to continue.

**EYE REMOVED**

One of Schindewolf's eyes was removed Friday by physicians, his face and left arm having been mangled by shot from a shotgun. He was four miles west of Kenton, nearing his home, when the volley of lead was sent from a passing automobile.

Sheriff George Berlien believes the gun was fired by one of a party of drunken hunters who earlier in the evening had been shooting in the neighborhood. He asserts he will have one or more of the party under arrest within 24 hours. A \$500 reward has been offered.

Accidental shooting of the juror came at a time when the state was attempting to break down the apparent insanity of Charles Phillips, charged with the murder of his brother-in-law, Claude Hunt.

His mother, his sister and numerous witnesses had testified that he was crazy and when he took the stand in his own defense late Thursday he failed to answer questions in a clear manner. Apparently he had lost his memory and his reason.

Attorneys for the state asserted this apparent insanity was a mere show and put on for its effect upon the jury. Attempts to break down Phillips proved unavailing, however.

Physicians attending Schindewolf believe it will be possible for him to resume his place in the jury box next Thursday. Complications may set in, however, and further delay may be necessitated, it is feared.

### JURY ORDERED TO ACQUIT PRICE

Van Wert-co Commissioner is Declared Not Guilty

DELPHOS — L. A. Price, county commissioner of Van Wert-co, was freed of the charge he "was interested in a contract while in office," Judge H. W. Blachly instructing the jury to return a verdict of "not guilty."

It was alleged by the state that Price had leased garage property he owned to parties who had sub-leased it to the county, thus indirectly allowing Price to profit from property leased to the county while a commissioner. The trial ended abruptly Thursday afternoon in common Pleas court when Albert Barnes, the second witness for the state, was on the stand.

A bill submitted to the county auditor was introduced as evidence against Price and counsel for defense objected to the introduction of any bills as evidence until the state had shown there was a contract. The state admitted it could neither show nor prove the existence of a contract. Attorney for the defense then asked the court to instruct the jury to return a verdict of "not guilty," and the case was ended.

### EX-OFFICIALS AID MOYER, RANKIN

Citizens Committee Files Its Election Cost Account

Former city officials are included in the list of contributors to the campaign expenses incident to the election of Earl C. Moyer and J. J. Rankin to the city commission, as shown by the expense account filed with the election board by M. L. Cleveland, secretary of the Citizens' Committee.

The Citizens' Committee, according to the account received \$226 from members and spent the same amount on publicity.

Earl C. Moyer, filed an account showing no receipts and no expenditures. J. J. Rankin, his running mate, had not filed at noon Friday.

Ira L. Snyder, defeated for constable on the Republican ticket, spent \$9 in his campaign.

F. W. Mullenhour, candidate for reelection as school board member, filed an account showing expenditures of \$35.

### GIRL IS HELD ON ROBBERY CHARGE

Taken in Cleveland After Holdup of Pedestrians

CLEVELAND — (United Press) — A 20-year-old girl turned bandit, ran afoul of the law Thursday night when Eleanor Taylor was captured after she and two male confederates had strong-armed two pedestrians and stripped them of their cash.

Exercising her feminine wiles to entice James Brown into conversation, the girl held her victim in ignorance of his fate until her accomplices stepped up and seized him.

While the two thugs held Brown powerless the girl went thru his pockets and obtained \$185.

Repeating the operation a short time later an John Caldwell, the trio netted \$385.

But here their luck deserted them, for Patrolman Arnold Sherbourne and Clarence Kiefer appeared on the scene.

The three fled but the policemen nabbed the girl and one man who said he was Claude McMorris. They are charged with assault on a mob.

**OFFICER'S ARM BROKEN**

NEW YORK — Major J. A. Barry, commanding members of the third cavalry stationed at Ft. Myer, Va., participating in the National Horse Show, was thrown from his horse and his arm broken during the finish of the endurance contest for the squadron A challenge cup. He completed the run with his arm hanging limp.

**FOOD RIOTS RENEWED**

BERLIN — A further increase today in the price of bread to 400,000,000 marks the loaf led to renewed food riots here. The police were obliged to charge crowds threatening to storm the bakeries in the suburbs of Charlottenburg many shops were plundered. There were numerous arrests.

### MOULDER KILLED AT FOUNDRY

Cable Breaks and Flask Drops, Breaking Victim's Neck

John Weber, 33, 1709 N. Main st., was killed Thursday night when he was crushed under heavy machinery on which he was working at the plant of the Ohio Steel Foundry.

Weber, a moulder, was working under a flask suspended from a steel cable which plant officials said had been inspected several times during the day as the custom.

The cable, a new one, was standing, snapped and dropped the 125-pound flask on Weber, breaking his neck.

The victim was taken to St. Rita's hospital but died about the time he reached there.

Weber is survived by his wife and three children. Funeral services will be held Monday at 2 p. m. at St. John's Catholic church. Interment in Getchman.

### CLAIMS OF \$2,000,000 HELD AGAINST GOVERNOR

INDIANAPOLIS — Added impetus was given the bankruptcy proceedings against Governor McCray in federal court here as the result of an estimate by the creditors' committee in charge of the executive's property made public last night which placed his liabilities at all the assets at only \$8,727.45.

The executive in turning his assets over to the committee for administration for the benefit of his creditors had expressed the opinion that after all creditors whose claims aggregate about \$2,000,000 were paid off, he would still have a considerable part of his fortune left.

## HIRAM'S HAT IS IN THE RING

Formally Announces His Entry in Presidential Race

ON PROGRESSIVE PLATFORM

Opposed to Ultra Conservative and Ultra Radical

CHICAGO — (Associated Press) — Two presidential booms emanating from Chicago resound thruout the country today with formal announcement by Senator Hiram W. Johnson of California that he is in the contest for nomination as Republican candidate for president, and the endorsement from Omaha, Neb., by William Gibbs McAdoo in a statement issued here by David L. Rockwell of Ravenna, Ohio, that supporters of the former secretary of the treasury intend to nominate him in the Democratic convention and elect him to the presidency.

Senator Johnson launched his boom with a formal statement, issued after a conference here with party leaders who favor his candidacy in which he assailed present policies in domestic and national affairs and enunciated the principles upon which his race will be made. He expressed unequivocal opposition to the League of Nations, "and all its subsidiaries," including the world court and set himself up, as the "progressive" candidate in contrast to the "ultra conservative" and "ultra radical."

"DISCONTENT ABROAD"

Sounding his keynote in the statement that "the ensuing contest will determine whether the Republican party shall be the permanent instrument of reaction or whether it shall respond to present-day conditions and aspirations," Senator Johnson declared that discontent is abroad in the land and there is threatened disintegration of the Republican party, the discontent and party differences arising from lack of popular government.

"Two warring philosophies of government struggling for mastery," he said, "designate them as you will, the contest between them is age old. The one, ultra-conservative, materialistic, stolidly and stubbornly resisting any change and vigorously contesting every human advance, invites an ultra radicalism.

The other, mindful of existing rights, but recognizing conditions and mankind's gradual progress, is idealistic and forward looking. It avoids alike ultra conservatism and ultra radicalism.

"Reaction and progress must fight it out again in the Republican party in the presidential primaries." He declared that the philosophy of government which obtains at Washington does not fit present-day needs, ultra conservatism rules there.

### FOREIGN POLICY

"Not only is there the fundamental and irreconcilable difference in our domestic politics, but a like divergence, perhaps even of greater importance, in relation to our foreign affairs," he said. Our timid, vacillating and contradictory positions demand that America's foreign policy again, be decided by the whole people who must themselves at whatever cost, maintain it. This time the decision should be so clear, so definite and certain, that no casuistry, no specious plea, no indirection can distort it.

Beyond the typewritten statement he handed newspaper men, Senator Johnson would not be quoted. "Rockwell's statement left formal announcement of his candidacy to McAdoo, but said 'supporters in forty states' will bring him into the race."

"Mr. Rockwell has stated the situation accurately," said McAdoo.

## Heiress Finds Love In Little Rented House

CHICAGO — (Associated Press) —

Dellora Angell Norris, heiress to the \$38,000,000 John W. Gates estate, who married "Les" Norris, a childhood playmate, has found love in a small town apartment preferable to life on her Lake Forest estate, and that bequest with its 32 room house filled with rugs, tapestries and antiques and a collection of valuable paintings is offered for sale. Many articles of furniture already have been sold.

Last spring Miss Angell announced her engagement to Lester Norris, a boy from her home town, St. Charles, where they both grew up. "Les" was a free lance artist and the son of the local undertaker.

Friends expected the couple after the marriage in Los Angeles would live in Mrs. Norris' Lake Forest home, but instead a small apartment in St. Charles was rented and the poor artist's bride began housekeeping, doing her own cooking and sewing, and having a lot of fun doing it.

Her friends say she has lived up to her promise to be a domestic housewife.

## LIMA ONE OF 1,154 CITIES WHICH ENJOY CHRISTMAS CAROLING

Lima is included in a survey prepared by the national bureau for the advancement of music as one of the hundreds of cities in the United States that indulge in Christmas caroling at that season. Lima, which is one of 56 cities in Ohio to hold outdoor sing, has observed the nation-wide movement two years.

Ten years ago outdoor Christmas Eve caroling, especially by itinerant groups thru the streets of town and village, was almost unknown in this country. The beautiful custom is still universally observed in England. The widespread adoption of the community Christmas tree is said to have done much to bring the carols to public attention. Singing of Christmas carols was enjoyed in 1,154 cities last year.

## New Lamp Burns 94% Air

Beats Electric or Gas

A new oil lamp that gives an amazingly brilliant, soft, white light, even better than gas or electricity, has been tested by the U. S. Government and 35 leading universities and found to be superior to 10 ordinary oil lamps. It burns without odor, smoke or noise—no pumping up, is simple, clean, safe. Burns 94% air and 6% common kerosene (coal oil). The inventor, G. M. Johnson, 609 W. Lake-st., Chicago, Ill., is offering to send a lamp on 10 day's FREE trial, or even to give one FREE to the first user in each locality who will help him introduce it. Write him today for full particulars. Also ask him to explain how you can get the agency, and without experience or money make \$250 to \$500 per month.

## THEDA SIGNS UP FOR VAMPING

Husband Objects But He's Now on European Soil

SHE'S BACK AT HOLLYWOOD

Contract All Fixed for Re-entry to the Movies

LOS ANGELES—(United Press)—"Backward, backward, oh, time in thy flight—make me a vamp again, just for tonight!"

Theda Bara, the vamp of vamps, who made vamping an art possible for almost any girl to acquire thru her masterful and painstaking pictorialization on the screen of just how it was done, is coming back.

Age, Theda Bara holds, doesn't make a bit of difference in this vamp business as long as one can get a contract and doesn't pick up too much weight.

Theda has the contract. It's with B. P. Fineman, who produces for Principal Pictures. Her vamping will be done under the direction of Tod Browning, ex-Goldwyn director.

PUT VAMPING ON MAP  
Theda is the girl who some years ago put vamping squarely on the map. At that time she was supposed to have an Egyptian and Arab touch in her blood that made her "hot stuff."

Anyway, that line went big. And even yet very few people know that Theda hails from Cincinnati or some such Oriental place, and that Theda Bara isn't her real name at all, but an acronym on the words "Arab Death." The wonderful story of her mystic Oriental past was the by-product of a fertile publicity man's brain. She may have been to Egypt since and learned some vamping technique, but in any event, if she has been there it's been since she went out of the spotlight on the silver screen, and not before.

Just to make matters all the more homey and give a "just folks" atmosphere to the business, she's the

wife of Charles Brabin, Goldwyn movie director. And Brabin is opposed to her going back into this vamping business for the films. Brabin set his foot down on the last attempt of his wife to break away from the domestic hearth when she arrived in Hollywood some months ago, and Theda went back East quite disappointed.

HUSBAND IN EUROPE  
But Brabin recently sailed for

Europe to make "Ben Hur" in Rome for Goldwyn's. And coincident with his sailing, Theda came right out to Hollywood and signed up to vamp for B. P. Fineman. Skeptical critics, several of them women and hence having an eagle eye for details which might not be noted by the male interviewer, went to meet her at the train on her arrival. And all of them came away enthusiastic and convinced that Theda still has a few more years of screen vamping before her. She appeared youthful as ever, and had not picked up weight, they reported.

## BABY LANDS FEAR GOBLIN OF EAST

Baltic Republics Are Haunted by Russian Spectre

EXPECT ATTACK BY GIANT

American Observers Think Moscow Afraid to Strike

RIGA, — (Associated Press) — The three new Baltic republics, like peaceful oases between troubled Germany and Soviet Russia, but foreign observers in their capital say, are as yet far from sanguine as to their future.

Latvia, Estonia and Lithuania, from all surface indications, have passed thru various crises common to infantile states, and are just children in the family of nations. But each of these baby nations still is haunted by the spectre of a goblin Russian who some day may step in and gobble it up like the giant in Jack and the Beanstalk.

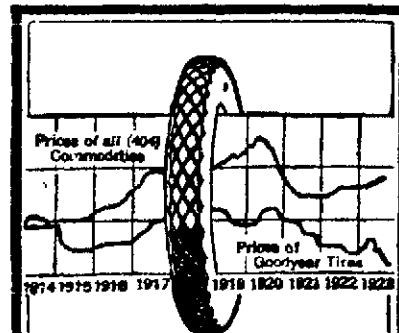

Just now, according to American and other foreign observers at Riga, Reval and Kovno, who base their belief upon first hand information from Moscow, Soviet Russia has no desire for the trouble and war that aggression against these states would mean. In fact some of the more optimistic Russian leaders predict that within a decade or so, the Baltic provinces will willingly join the union of Soviet Socialistic republics as autonomous states.

Of the three states, Latvia perhaps is at the present the most prosperous. Her imports were only slightly above her exports in value last year, and this year it is hoped that the trade balance will be in her favor. Her currency, too, is stable and government recently informed the American Minister to the Baltic States, that Latvia would like to negotiate for the funding of her five million dollar debt to the United States.

Latvia's daily product exports is constantly growing, and the country has ambitions to rival Denmark in this respect. Riga, once a great

industrial city, is still far from having recovered the factories she lost when machinery was evacuated into Russia during the war. The Soviet promised to return it, but thru neglect or inability to find the machinery has sent only a small proportion back to Riga.

Lithuania, being mainly agricultural, and previously dependent upon Germany for manufactured articles and financial support, and having had prolonged troubles over Vilna and Memel with the Poles, has not reached the obvious prosperity of her northern neighbor. But it too, is moving ahead. Lithuania's relations with Soviet Russia may be said to be more cordial than those of her sister states.

THIS little chart shows that for years Goodyear Tire prices have been kept below the average price level of all commodities. Goodyear Tires today cost 39% less than they did in 1914. And they are the best tires Goodyear ever made. This is a good time to buy Goodyears.

As Goodyear Service Station Dealers we sell and recommend the new Goodyear Cord with the bonded All-Weather Tread and back them up with standard Goodyear Service.

## IMMIGRATION UP TO SOLONS

Expected to Bring About Fight in Next Congress

## COOLIDGE TO TAKE HAND

Will Deal With Question in Message to Lawmakers

(BY FRIZZER EDWARDS)  
WASHINGTON — (United Press)—Immigration, with its vital economic political significance today holds a keen interest for President Coolidge. That he will deal with the problem in his message to congress is unquestioned by administration officials.

Con-reational leaders, however have let it be known that they expect to have time to do little more with the immigration question beyond recommending the present three per cent law, which expires on June 30, next.

Whether congress can pass lightly over the immigration question depends on the success of the influences now at work to force action.

**CAMPAIGN BEGUN**  
Led by the American Federation of Labor, powerful organizations are already at work on a campaign to compel congress to tighten the immigration restrictions.

Beside the American Federation of Labor, the American Legion, the National Grange and the Native Sons of the Golden West are demanding immigration legislation that will provide for:

1—Fixing the census of 1890 in-

stead of 1910 as a quota basis, to shut out undesirable aliens from the Balkans and the Mediterranean in re-enacting the three per cent law.

2—Exclusion of all aliens ineligible to citizenship.

3—Selective immigration by inspection abroad and enrollment of aliens after they land.

4—Amendment to the existing law to stop the bootlegging of aliens—particularly Orientals.

Secretary Davis has urged on President Coolidge the importance of congress re-enacting an "alien code" dealing with the relations between this government and all aliens on our shores. While congressional leaders concede the importance of such a code to end the present conflict of law, they say it cannot be done at the coming session of congress.

**CONFERENCE PLANNED**  
A conference of western senators and congressmen will soon meet here to draft legislation to bar all Japanese. Senator Shortridge of California, who is at the forefront of the movement says there is no treaty to bar such an act. The labor department is in sympathy with the move.

Whether President Coolidge

makes a recommendation for Secretary Davis' plan for "selective immigration," by inspection abroad, the secretary of labor is certain to make a personal fight for it, as well as the enrollment of aliens after they land. Davis has set his heart on the law and is said to be determined to see it thru despite any political expediency that it may involve.

'Bootlegging' of aliens is one of the evils that the department of labor at least will demand congress take steps to end. One of the gaps that must be stopped is in the secretary's law, according to officials under the guise of the law which permits seamen to come ashore to refresh, Chinese coolies are shipped in.

Owing to the shortage of common labor large industrialists are expected to resist the drastic immigration laws. The administration believes, however, that it is a short-sighted policy to seek cheap labor thru immigration. The labor department is opposed to admission of un-

naturalizable labor, which will come into competition with American labor.

## ASK GRANDMA ABOUT VEGETABLE TEA FOR CONSTIPATION

Live- and Bowel remedies come and go, but Dr. Carter's K. and B. Tea, which your grandmother knew all about, is now more popular than ever.

Many families have used this tea for years, brewing it at home, and find it the best and least expensive remedy they can get.

Your pharmacist will sell you a 30-cent package, which will last a long time.

It's a splendid drink for constipation, acts surely and gently, and for a sluggish liver, sick headache, sal low skin and dizziness, many thousands of women use it. Speedy and blissful relief is guaranteed to all who drink Dr. Carter's K. and B. Tea, and don't forget that it's simply fine for children—Adv.

## KEYSTONE STATE'S LEGISLATURE FACES CIVIL SERVICE PROGRAM

Pinchot's Reforms Force Action  
to Take Care of Jobs

GOVERNOR BAMS POLITICS

Employees Demand Removal of  
Selection Inequalities

(BY S. P. HOLLINGSWORTH)  
HARRISBURG, Pa. — (United Press) — When the legislature of 1923 convenes at its next session, it will find that the civil service law of 1917, which was passed by the legislature of 1917, is now a dead letter. Gov. Pinchot has insisted that the civil service law be amended to provide for the removal of inequalities and unfairness in selecting persons to fill various types of employment, and will seek redress at the hands of the legislature to prevent discrimination which they claim under the new system can be removed only by civil service regulations.

One of the important reforms advocated by Gov. Pinchot has been the removal of inequalities and unfairness in selecting persons to fill various types of employment, and will seek redress at the hands of the legislature to prevent discrimination which they claim under the new system can be removed only by civil service regulations.

Pinchot has insisted that the civil service law be amended to provide for the removal of inequalities and unfairness in selecting persons to fill various types of employment, and will seek redress at the hands of the legislature to prevent discrimination which they claim under the new system can be removed only by civil service regulations.

## CITY OFFICERS BARRED FROM JOINING LODGES

MANILA—Municipal officials of the Philippines hereafter are to be prohibited from joining organizations except those of a religious, athletic or purely recreational nature.

The executive bureau, with the approval of the secretary of the department of the interior, has issued a circular to this effect with a view to guarding against affiliation of members of local police forces with organizations likely to interfere with their duties.

Masonic lodges, secret societies and labor mutual aid unions are included in the ban, executive officials explained in connection with the circular. In such organizations, it is stated, members are inclined, in accordance with secret vows or rituals to enforce the law less rigorously, wherever fellow members are affected unfavorably.

## INDIAN CONGRESS PLANS CIVIL DISOBEDIENCE

DELHI, India — The Indian National Congress in special session has reaffirmed its adherence to non-violent non-co-operation and the boycott of British goods as means toward obtaining selfgovernment. Although the ban to council-entry was removed, the congress voted to embark upon a definite program of civil disobedience at an early date.

## CLEAN KIDNEYS BY DRINKING LOTS OF WATER

Take Salts to Flush Kidneys if Bladder Bothers or Back Hurts

Eating too much rich food may produce kidney trouble in some form, says a well-known authority, because the acids created excite the kidneys. Then they become overworked, get sluggish, clog up and cause all sorts of distress, particularly backache and misery in the kidney region, rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, begin drinking lots of good water and also get about four ounces of J. I. Salts from any good pharmacy, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to flush clogged kidneys and stimulate them to activity; also to neutralize the acids in the system so that they no longer irritate, thus often relieving bladder disorders.

J. I. Salts cannot injure anyone, makes a delightful effervescent lithia-water drink which millions of men and women take now and then to help keep the kidneys and urinary organs clean, thus often avoiding serious kidney disorders. By all means have your physician examine your kidneys at least twice a year.—ADV.

### BOOTLEG SCHOOL IN OPERATION

500 Students Enrolled in Institution at Los Angeles

HAS REGULAR CURRICULUM

Discovery Made by Federal Prohibition Agents

LOS ANGELES—(United Press)—Cambridge may have its Harvard, New Haven its Yale—but Los Angeles has a new one—the “University of Bacchus,” inspired by the ancient god of wine, that ribald old god who has stimulated man for ages.

Five hundred students are reported by Federal prohibition agents to be enrolled in this institution, which educates bootleggers. The college, they say, has professors, a regular curriculum which leads to a degree—probably a “bachelor of bootlegging.”

Arrest of six of the leading pedagogues for moonshining is imminent, and is expected to so disrupt the scholastic momentum that functioning will be impossible.

Dry Agent Dolley said he began to suspect something was wrong when agents reported that samples of liquor seized about Los Angeles showed upon analysis much lower percentage of poisonous ingredients, due to careless and incomplete distillation, than formerly.

“Why this sudden purity,” he inquired and started out to find out what it was all about.

The reported discovery of the “University of Bacchus” has solved the question, and the expected arrest of the six moonshiners, all of whom were at one time or another connected with legitimate distilleries, will end the strange school, authorities believe.

The pupils, said investigating officers, are made up of young men out of work, discouraged over financial difficulties, who are attracted by the glowing tales of the immense profit in bootlegging. Agents for the institution of “learning” take the wayward lads in hand and paint rosy pictures of a college education along this line.

Upon payment of a small sum the student is enrolled in a course, handled by an expert. Then, when he starts out in business for himself, another fee must be paid. If the graduate should be recalcitrant and refuse to pay, a quiet tip to the Government officials would finish him.

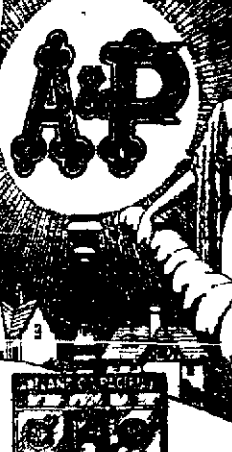

The faculty is far-sighted enough to know that a good product pays in the long run. Cleanliness is a primary principle with these pupils. They are taken to model plants, where the scientific principles underlying distillation are explained and sample “batches” turned out with different materials. The class is told exactly what process and combinations of mash and metals produce the “poison” that causes blindness or even death. Along with this instruction goes a short study of metals.

### BUSINESS WORLD IS USING BETTER ENGLISH

URBANA, Ill. — The English of sales letters has reached a standard as high as the general standing in advertising and in journalism, according to Mrs. Alta Gwinn Saunders, director of Business English work at the University of Illinois. “I do not maintain that good English is the one test of a good letter nor that it is the most important element of a good letter,” Mrs. Saunders asserts. “It is my contention that it is as important to the good letter as is any other element, and that a letter cannot be a good letter until good English is combined with a business mind, good character, pleasing personality, and knowledge of human nature is getting results.”

### JAZZ AND FREE FOOD FURNISHED BANK CLERKS

BERLIN — Bank clerks in Berlin who are required to work late at night are given free food for supper, served to the strains of a jazz band. “This is almost American,” The Neue Berliner Zeitung declares, pointing out that the fall of the mark and the discharge of thousands of employees makes it necessary for day employees to work until midnight and often longer to take care of the trillions and trillions of papermarks involved in a day's bank transactions. The playing of jazz music during the supper hour brightens and rests the tired employees.

## YOUTH SLAIN BY POLICEMAN

Cleveland Officer Shoots Boy  
When He Refuses to Halt

ATTEMPTED THEFT CHARGED

Victim Accused of Trying to  
Take Automobile

CLEVELAND — (United Press)—Patrolman Ern A. James shot and killed one of two youths who refused to halt and fled down a by path in Rockefeller Park, when he surprised them in an attempt to steal an automobile, early today.

A Mount Sinai Hospital, to which the dead boy was taken, he first was identified from a letter and a receipt in his pocket, as Harold Foss, 19.

Patrolman James fired four shots, one of which pierced the youth's heart.

The other youth made good his escape. Police believe he may be wounded.

**SUSPICION AROUSED**

Shortly after midnight Patrolman James was walking his beat when he noticed two figures prowling around an automobile parked in the shadows of the park shrubbery.

Suspicious of their actions, James passed forward to watch them.

While one of the boys kept watch over the corner of the street, the other got into the car and tried to start it, James said.

Falling in this, the youth left the car and entered an apartment lobby.

As he returned, he fumbled with some keys before re-entering the car, according to the patrolman.

James then dashed forward and called out to the alleged robbers to "halt."

He grasped the pair but they broke from him and started to flee.

Again the patrolman called out to the youths to stop, but as they kept running, he fired four times.

## HELICOPTER DESIGNER

LONDON—(Special)—England is hoping that Louis Brennan, British inventor of the helicopter, has finally designed one that really "heli-cops."

For it is on this man that Great Britain is depending to a large extent for its future air supremacy.

Brennan, a year ago, succeeded in completing a machine that lifted itself straight up a few feet and hovered in the air awhile. Besides the pilot, the plane carried 400 pounds.

Now Brennan is working on an improvement of this queer airplane which is supposed to revolutionize aerial flying by doing away with extensive landing fields and large air-dromes. It has just been learned that he has perfected the helicopter so that it rises straight up to a height of 20 feet with passengers and a load of 1,000 pounds.

What's wanted now is to get the helicopter to fly along sideways as well as straight up.

## BORAH WARNS OF HIGH TAXES

Idaho Senator Urges Reduction  
be Made by Congress

WASHINGTON — (Associated Press)—Reduction of taxes at the next session is the "plain, immediate and imperative duty" of congress, Senator Borah, Republican, Idaho, declared in a statement published today. In which he asserted the evil effect of the present burden, both economically and morally, demanded a downward revision.

What he saw as the present policy of Republican organization leaders in congress to delay a reduction of taxes must certainly prevail, Senator Borah said, unless those favoring reduction go to work on an alternative program. If they do not, he declared, in all probability the next session will see an increase instead of a decrease in public expenditures and taxes.

Noting a "strong indication" that the taxpayer himself is about to "turn upon his torturer," Senator

Borah warned "that it may prove a hazardous enterprise for a congress to face a constituency next year upon which it has piled vast sums in addition to what that constituency already is wrestling with."

"We have undoubtedly," the senator said, "reached a point where taxes are not only discouraging to enterprise, but actually destructive in many instances and in many ways."

## MEN'S CLUB OF CHRIST CHURCH HOLD FIRST MEETING OF WINTER

At the first meeting of the winter of the Men's Club of Christ Church, Episcopal, held in the parish house Thursday evening, George T. Glover was elected president. Other of-

ficers are: Vice-president, Ellwood R. Lindesmith; secretary-treasurer, Edwin L. Kirk.

Nearly 50 members of the parish and a number of guests were present. Dinner was served at 6:30 p. m. by the women of the parish. The club enjoyed group singing after which a number of musical selections were given. Violin selection was given by Miss Anna Robey, and Mrs. Hilda Baxter Thompson

and Miss Margaret Gregg sang a number of solos.

Rev. Kirk O'Ferrall, former rector of Christ Church, now of Cleveland, will address the club next month.

Members discussed plans whereby they will act as hosts to the children at the children's home at a moving picture entertainment to be given each week. Committee was appointed to make arrangements.

## Now is the time to fight constipation with Bran—Start to-day!

Don't give the diseases that follow in the track of constipation a chance to lodge in your system! Get after constipation with nature's greatest helper—BRAN, Kellogg's Bran, cooked and krumbled—because it is ALL BRAN and because it will give you permanent relief from constipation! It is scientifically prepared to relieve suffering humanity from constipation and it will do that.

Bran's action is wonderful. It sweeps and cleanses and purifies. It knocks out the dangerous toxic poisons and frees the system from pollution! Try Kellogg's Bran for a week. Eat it regularly—two tablespoonsfuls each day; as much each meal in chronic cases. You will be astounded at the difference in your feelings!

Kellogg's Bran should not be con-

fused with common bran which is unpalatable and difficult to eat. Kellogg's is cooked and all ready to serve and really delicious. Eat it as a cereal, sprinkled over your favorite hot or cold cereal or cook or mix it with hot cereal. In the latter cases add two tablespoonfuls for each person.

Do you realize what Kellogg's Bran can do for you and for your family; do you realize that it will keep sickness away; that it will put every one on a new health footing; that it will free you all from pills and cathartics?

Kellogg's Bran is particularly delightful made in raisin bread, in macaroons, popovers, muffins, etc. Recipes are printed on each package!

You will say that Kellogg's Bran is a blessing to humanity.

All grocers sell Kellogg's Bran!

—PALMOLIVE—  
*After Shaving Talc*

That well-groomed  
look

Professional men and successful business men—doctors, bankers, lawyers—know that a clean, fresh, well-groomed appearance is a valuable asset. Palmolive After Shaving Talc gives this fresh, clean look. The after shave "shine" must be removed. And yet a man's face should not look "powdered." This new talc for men meets both important requirements.

WE have perfected a new creation—of especial benefit to men's faces.

This offers you a chance to try it—almost without cost.

It is a powder for men, providing two unusual features:

First: It is invisible. Men don't like powder to show.

Second: It is a scientific combatant of skin roughness—keeps your skin smooth—improves your appearance.

Removes that after shave shine

And leaves your skin fresh as a daisy; clean-looking and comfortable. Gives that well-groomed look successful men all have.

Not an ordinary talc—Palmolive After Shaving Talc is essentially a man's powder.

We believe you'll say it's the best talc you have ever used. If we weren't sure of this we wouldn't even ask you to try it. And that is exactly what we urge you to do—today.

Take advantage of special offer  
—Good this week only

Thousands of men have already turned to it. And have thanked us. Go today to your druggist. Take advantage of the 3-way offer above. Everyone knows Palmolive Soap; millions of men use our Shaving Cream. Palmolive After Shaving Talc is an achievement equally important for men.

Try it. In one week, note results—the clearness of your skin, the smoothness, the wonderful feel after shaving.

Wives and Mothers:

If your menfolk overlook this extraordinary offer, remind them of it.

Or do the buying for them. Their thanks will repay you—for there are comforts every man enjoys.

The bargain is unusual. And it is for a limited time only. Go to any druggist listed here.

## KING DISSOLVES PARLIAMENT

Speech from British Throne Read in House of Lords

### FRANCE HIT IN ADDRESS

Blamed for Holdup of Reparations Solution

LONDON—(United Press)—After speech from the throne revealing the "profound anxiety" with which Britain views the continental situation, King George's decree dissolving parliament was read today.

With Anglo-French friendship apparently at the breaking point again, the king in his unusual restrained language, directly placed on France responsibility for holding up a solution of the reparations problem.

The speech from the throne, always a carefully weighed statement prepared by the cabinet, was read by the lord chancellor, Viscount Cave, in the house of lords shortly after parliament assembled for its usual early Friday session.

### REPARATIONS PROBLEM

It referred to Anglo-American efforts to start a reparations inquiry and continued:

"Unfortunately it was not possible to secure the assent of the French government to proposals which, it had been hoped, would lead to a solution of the reparations problem."

"My government regards with profound anxiety the continuance of the present economic conditions in Europe, which depend so largely on the settlement of this question."

"A serious situation has developed in Germany, which is engaging the close and earnest attention of my government."

The king's speech, always examined here for its slightest shading of meaning as covering the utmost significance, then passed on to the Anglo-American discussions about search of ships off the American coast for liquor and noted:

"Negotiations are proceeding with the United States government for the settlement of difficulties as regards the carriage in transit and its illicit importation into the United States."

The decree dissolving parliament fixed December 20 as the date for convening the new one, but in well informed circles today it was thought likely a proclamation after the election of December 6, would postpone the new session until after New Year's so as not to interfere with the usual Christmas holiday.

Examination of the king's speech, together with the refusal of the British government through its ambassador in Paris, the Marquis de Croy, to consent to France's demand for military action to expel the crown prince from Germany, caused the belief today that England was thru with trying to humor France.

Prime Minister Baldwin's re-

marks in the house of commons last night contained even more direct reference than the king's speech to France's actions.

Speaking of the high hopes he had held for a reparations conference, he continued:

"We have found all our efforts brought to naught, not by our own action, nor by the action of America but by the action of two of our allies."

This statement, referring to France and Belgium, it was believed, was heartily cheered.

### NIGHT SCHOOL ENROLLMENT

Fifty students enrolled for courses in the night school of Lima public schools at the sessions Wednesday night. Enrollment now numbers about 570. Superintendent J. E. Collins said registration was closed. Last winter over 800 students were enrolled.

**Physical Health means—Beauty!**

HEALTH and beauty go hand in hand. Where the system is run down—the face drawn and haggard—the body limp and lifeless—beauty is missing. Looks of pity supplant those that might have been gazes of admiration.

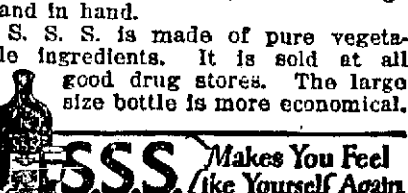

Restore your health and beauty will take care of itself. S. S. S.—the rich blood builder—rekindles the spark of health and lights the blaze of beauty by building red blood cells.

The nerve power of your system funds life in these very blood cells. Build more red blood cells and your nerve power will increase. S. S. S. builds them. Rich blood will tingle through your system. That lost charm will return. Your entire system will be repaired. You will be ready to cope with the impurities and blemishes that handicap beauty.

As physical health means beauty so, too, does S. S. S. mean beauty. For S. S. S. means systems that are free from impurities—pimples, blackheads, acne, boils, eczema, rheumatism. S. S. S. and good health go hand in hand.

S. S. S. is made of pure vegetable ingredients. It is sold at all good drug stores. The large size bottle is more economical.

## SO DISCOURAGED ABOUT HERSELF

Then Found "The Plant Juice" and it Gave Blessed Relief From Her Suffering

### INDORSES HERBAL MEDICINE

"Your Plant Juice improved my health so much that I was able to come downtown today for the first time since before last Christmas," said Mrs. William Jenkins, of 31 Wright Street, Newark, N. J., while talking with "The Plant Juice" Man at that city recently.

MRS. WILLIAM JENKINS

"I had constipation which got so bad that hemorrhoids resulted and I really can't describe the pain they caused. Often, I had to be given a narcotic to relieve this pain. Besides this, my liver was inactive; digestive organs were out of order and kidneys were in terrible condition. Gas formed on my stomach and I became short of breath with the least exertion. The kidney trouble caused terrible pains in my back and also, my whole body was swollen—in fact, at times my limbs were twice their normal size. I was so nervous I could not write because of the way my hands would shake and sleep was almost out of the question. And I was so weak I couldn't go up or down stairs alone. I surely was a very sick woman and oh! how discouraged I was for I thought my days were numbered."

"Well, my husband got me a bottle of Plant Juice and from the first few doses I could notice improvement. I have now taken several bottles of Plant Juice and weigh 140 pounds instead of 107. My bowels are regular; hemorrhoids are relieved and stomach is improved so that I eat without fear of bad effects. My liver and kidneys work fine and my limbs and body do not swell anymore. And my nerves are quieted so that I can write legibly for my hands do not shake; and I sleep soundly all night. I am getting stronger every day in every way and all the neighbors are surprised to see me out and about. I surely want to recommend your Plant Juice to every sufferer."

Plant Juice is sold in Lima at Hunter's drug stores, 49 Public Square and at the Argonne drug store, oppo. Post Office—Adv.

Opium, cocaine and other drugs are very valuable, and there are vast profits in the trade. The habit is so widespread in the orient that it is undermining the British, French, Dutch and Portuguese colonies and working financial losses which are far greater than the income from opium taxes, to say nothing of the moral degradation it is bringing about. ## MANY NATIONS AT GRIPS TODAY

Fifth Peace Anniversary Dawns on Troubled World

ENGLAND IS APPREHENSIVE

Uneasy Over Rise of French Military Power

WASHINGTON — (Special) — Five years ago, with shouts of joy the nations hailed the armistice as the harbinger of peace, returning to a war-torn world.

And today? France with nearly 1,000,000 men under arms, holds military sway over a considerable section of Germany, seeking to extort vast but indefinite advantages which anxious spectator powers, their own safety jeopardized, are trying, none too hopefully, to compromise.

Germany, rent by recession movements, trembles on the verge of civil war.

England glazes with apprehensive eyes on the rise of French military power and the threat of fresh convulsions in central Europe, on an Ireland where despite the re-establishment of a sort of tranquility, the jails still overflow with political prisoners, on seething unrest in India.

Italy, her troops at grips with rebellious natives in colonial Africa, already has once imperiled the Old World's safety thru the imperialistic policy of her virtual dictator, Mussolini, against whose rule domestic discontent slowly gains strength despite censorship, oppressive decrees and violence.

### WAR AND RUIN

In Spain another military dictator, recently elevated to authority by virtue of a near-revolution, fulfills his pledge to increase the vigor of Spanish warfare in Morocco. Greece, defeated by Turkey, forced to pay heavy indemnity and submit to humiliating conditions exacted by Italy for an offense no attempt was made to prove against her, stares economic ruin in the face and struggles weakly to stave off revolution.

Turkey, driven from Europe, has won her way back by the sword and again endangers Near Eastern stability.

Bulgaria, her peasant premier overthrown and killed, has put down one attempt at counter-revolution and remains in the hands of a militaristic governmental group.

Hungary, with a military dictator at the helm eagerly awaits the chance to win back by a fresh resort to force what she lost in the World War.

### OLD WORLD JEALOUSIES

Jugoslavia, like Rumania, alert against Hungarian aggression, disputes with Italy for an Adriatic port and watches the Bulgarian militarist regime jealously.

Poland, girl for war, keeps an un-

easy glance on the soviet power to the eastward.

Russia's communistic autocracy, admittedly representing a minority, maintains itself by force within, and schemes for an extension of its social and economic doctrines beyond its present jurisdiction.

China is still torn by dissension between north and south and by banditry and local disturbance in every quarter.

JAPAN, overwhelmed by earth quake losses, strives to conceal the story of trouble with Koreans in the face of the disasters even while her walls still tottered, and continues—since an outbreak for her swarming millions she must have—to plan for expansion in the orient.

Technical experts lent by the United States government aid Brazil in building a navy for the avowed purpose of dominating Latin America while Argentina already arms to meet this menace from her neighbor, and the entire Spanish press of the hemisphere scoffs at the policy of a country which, professing to work for disarmament in the Old World, asists in starting an exactly similar race in the New World.

## City Building Its Schools By Subscriptions

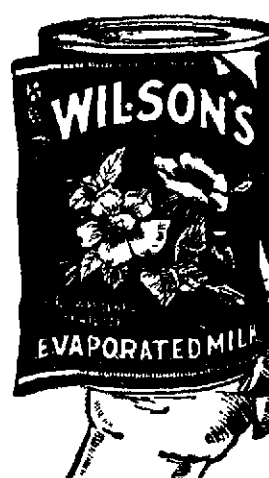

AITOS, Bulgaria—Because of the lack of funds on account of its heavy expenditures for reparations and other post-war purposes this city is building the necessary additional school accommodations by public subscription.

The subscriptions are being paid in the form of money and building materials of various kinds. Thus far more than 200,000 leva have been contributed in cash and material, and the subscription campaign is being actively pushed by citizens' committees.

Recently the local board of education laid with an elaborate civic ceremony the foundation stone of a primary school in the "Strandja" quarter.

Both in the collection of funds and in the actual labor of school building, the school children of both sexes are taking an active part.

### LIMA BEANE'S OPEN LETTERS

**To George, Al, Hank, Earl, B. F., Frank, et al BOYS:** All of you have been mentioned for the managership when the new commissioners put the skids under Clarence. I've heard rumors of a smooth political play after the first of the year when a temporary manager will be named and then the permanent one slipped in a little later. I don't get the drift exactly, but then I never was good at politics.

To the one of you, or if it be someone else, who takes the job, I extend my thanks for your bravery. It'll be a great year—for brickbats.

LIMA BEANE.

#### To Waterworks Superintendent Evans

**DEAR CHARLEY:** The weather man has been kind and sent us some rain, which I presume has been diverted to the big reservoir as much as possible. I hope it will save a famine.

But that old reservoir sure made good campaign ammunition, eh, Charley?

LIMA BEANE.

#### To Night Scholars

**DEAR HUSTLERS:** I am proud that over 500 of you who are denied the chance to attend the regular day schools, are so considerate of your future that you have enrolled in my night schools. That is the kind of ambition that accomplishes things in the great battle of life. My people always point with pride to those who try to help themselves and the fact that you have volunteered to give up nights of fun for the privilege of gaining an education makes my people feel proud to support the night schools thru taxes.

LIMA BEANE.

#### To Retail Merchants

**DEAR SELLERS:** Jimmy Morton tells me that you are planning fine bargains for my people during the Christmas shopping period. My people are a happy, generous and prosperous people and they prefer to trade with home folks. They know you and know that you stand behind the goods you sell them. I am confident that Jimmy is right when he says that my merchants this year will have the most tempting array of holiday goods that my people have seen in years. And it's only a little more than a month until Christmas.

LIMA BEANE

#### To City Commissioners

**DEAR KOMMISH:** I am proud of your action Monday night in annexing to the city some 245 acres of fine house site property. My city is enjoying a good, healthy expansion and your foresight in bringing this territory into the city limits as sites for the men and women who want to make Lima their home, shows that you have now, as always, the best interest of my city at heart.

LIMA BEANE

#### To Dr. Charles Mayo

**DEAR DOCTOR:** Your fame has spread far and wide and my people have always been mighty interested in your work. They are, therefore, waiting with great eagerness to welcome you to this city. My medical men and women are particularly interested in your coming visit next week. My Rotarians, too, are anxious to hear your message and all my people are waiting to give you the welcome to

which your great work in the field of surgery entitles you. Welcome, doctor, thrice welcome.

LIMA BEANE

#### T. B. Hospital Workers

**DEAR FRIENDS:** Announcement that you have purchased an X-ray machine for use in the District Tuberculosis hospital and that your Woman's Board of Managers has undertaken to pay for it is certainly worthy of praise. Last year the bazaar was well patronized and as a result the patients have been enjoying a radio outfit. It is my hope that the bazaar to be held in December will be as well patronized and that your obligation will be liquidated. My hat is off to your women workers

LIMA BEANE

#### To Benjamin S. Motter To Ralph P. Mackenzie

**DEAR BOYS:** Congratulations on the fine work you have done in getting books of recent fiction for my Public Library. Your noble efforts in getting nearly 400 volumes from the various libraries of my people show that the trustees were wise in selecting you for the task. Your work in getting donations of fiction and the work of the board in buying children's and reference books is going to do much for my library. My people are proud of such enterprising young men as you have shown yourselves to be.

LIMA BEANE.

#### To the Ex-Kaiser

**DEAR BILL:** There has been much talk recently about you doing a come-back. The boy already has returned to the old homeland.

I'm not certain that the Germans want you back. They may issue a call, however, since my friend Henry Wemmer says they are so desperate they are willing to try anything once.

But I've got to follow Cal and his principles since he's our big boss over here, and he says "Hands off."

LIMA BEANE.

#### To State Inspectors

**PROBERS:** Reports you have made regarding my schools are very satisfactory. That fire hazards have existed is regrettable but your statement that conditions here are as good as anywhere else is very encouraging. My school officials will follow out your recommendations and every school will be safe places for my youngsters.

LIMA BEANE

#### To Shop Foremen

**DEAR BUNCH:** Now you are on the right track. I am proud that you, in your club have taken up a study of the problem of how the foreman in his shop can be most useful to my great industries. I wonder if you realize how the right kind of a foreman can be a wonderful help to the apprentice and most often turn him from mispending his youth to avenues of usefulness. I congratulate you of The Foremen's Clubs in the work you have undertaken for this winter.

Just it be mentioned for some good office is glory enough without taking any further chances. Women are the goddesses of things. If they ride in the back seat they want a driver, and if they ride in the front they want a

mush and prunes, thence away in a shoppe taxi, to the office, late. And sat. Crossed words with the foreman. And blamed a collector for not sticking to her job, collecting. Not conversing. Two firms have gone into bankruptcy while she to the Princess and beauty shops, banging and bobbing.

All the morning, in with the static. Couldn't tune in with things as they are, but tuned over things as they ought to be. Came the advertising manager and showed me a nice gain in lineage, which cheered me up much. Thence, into the sanctum floated a realtor with real money to give for a piece of dirt. It's sold at a close price, mayhap; and the buyer will double his money in ten years, methinks. At a coffee shoppe, met Harry O'Brien, who has been off his run almost a month. Howbeit, back on the rail. There's Dr. Buchanan, newly made genius guardian of our educational affairs.

On the street, S. Ad Lyttle, one-time brave water works superintendent. Here's a good bet for a city manager. Yet, they do tell me that the present engineer is to be financial wizard of this municipal commonwealth. And show us the way to burn our flou-Lites after we bot'em. Walter Bradley, the pork king, and fair golfer, gave me the stop signal. And will do his bidding with happiness and some content. Walter is a dinged nice chap, what.

Now comes the eminent Chicago Tribune, suggesting they let Andy Mellon cut down the income taxes as proposed. And finance a real soldiers' bonus by licensees on light wines and beers. St. Wheeler would rather see our brave boys starve than commit such an offense. And St. Wheeler is the boy who rules Congress, not Mr. Coolidge, or Mr. Mellon.

Lunched, at home, with my wife, poor wretch, adept in upstairs housework and darning. The menu a singleton, of corn fritters and syrup. With apple pie for the sweets. And, saints forgive, no cheese. Out, to the drizzle, gloominess settling dire upon me. I, to my office and at my semi-monthly casting up of accounts, which trouble me much. Albeit, came appeal from Billie Steinto, the Delphos banker, and sent him a check I could ill afford.

Dined, on a rabbit Red Haus didn't shoot. Then in the evening, to the Faurot for two hours with Wildflower. One of the best musical comedies I ever did see. And many cuties and sweeties in the chorus, but not very cute or very sweet. Saw there Ortha Barr, the matre d'hotel, and below him a row, Sid Friedman, his rival. Who now has radishes on the breakfast menu at the Norval.

So home and very late to bed, still in grouch.

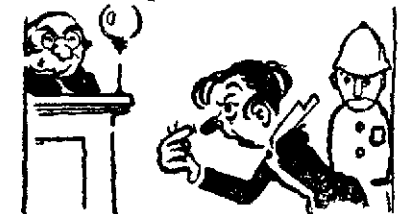

### THIS LITTLE WORLD

(BY MILTON BRONNER)

**LONDON.**—(Special)—London, biggest city in the world, has one thing that even small towns in America wouldn't allow for a minute—the pavement artist. Along the Thames Embankment or on a main street, the "pavement artist" flops down or "the sidewalk." He draws crude pictures on the stone flagging—orange sunsets, purple-green trees, pink elephants and red tigers. Also pictures of prominent men.

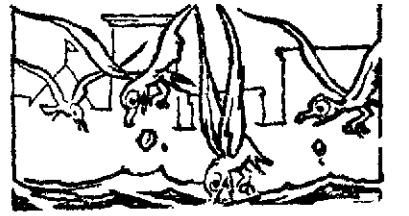

Having drawn or painted these things, he flops a cap on the sidewalk and sits there hour after hour waiting for the pennies to come. Sometimes the artist is an able-bodied man who claims he can't get any work, which is not improbable with over one million jobless in Britain. Most often the artist is crippled. They are never molested. And the average Londoner takes it quite as a matter of course.

Police Sergeant in Blackpool, northern England's Coney Island,

says there are seven test which reveal whether any man is drunk or not:—  
1—Make him tell his correct name and address.  
2—Make him walk on a line.  
3—Make him touch a spot on the wall.  
4—Make him touch his nose with his left hand and then with the right.  
5—Make him touch his nose with his eyes closed.  
6—Get him to say, "Rural."  
7—Ask him to pick up a pin.

We know autumn is merging into winter here in London, for the gulls have come. They swarm along the Thames Embankment and on the lake in St. James Park. They

fight like mad for any bit of food that is thrown away.

There are people who pass an idle hour pitching scraps into the Thames for the pleasure of watching these birds catch the morsels before they touch the water. And their hunger is never appeased. Indeed, they have been described as "stomach on legs" and are to be found in the most unlikely places.

For instance, I remember the surprise of people from seacoast lands where they attended the first Assembly of the League of Nations at Geneva. Here on this lake, a heart of the continent, surrounded by the Alps and hundreds of miles from the sea, were thousands of sailors. They make their summer homes in the polar regions and spend their winters in Switzerland.

### JUST FOLKS

BY EDGAR A. GUEST

**A DAY IS NOT SO LONG**  
From dawn to dusk is not so long  
When it is spent in mirth and song;  
Night swiftly falls to close the day  
That's free from care and rich with play.  
The hands upon the clock run fast,  
The happiest hours are soonest past.  
But oh, the leaden feet of care  
Make long the time of our despair.  
And grief and hurt and shame and wrong  
Make every troubled day seem long.  
Let me be true for just today,  
Whatever waits along my way!  
Surely from dawnbreak until night  
I can be faithful to the right;  
Can face one day of blustering rain  
And bitter cold, and not complain.  
What tho I fare to work or play,  
Unchanged the measure of the day.  
The bright hours do no faster go  
Than those which bear the freight of woe.

"Tis faltering faith and heavy doubt  
Which seem to stretch the mornings out.  
If pleasure's day so swiftly flies,  
For one day can I not be wise?  
Can I not face one day of care  
And brave the heartache of despair?  
Have I not courage stern enough  
One day to bear with life's rebuff?  
The long day of grief to troubled hearts,  
Even the day of grim departures.

Not long the day when laughter rings,  
Not long the day which pleasure brings.  
Nor longer is the day of woe—  
'Tis but man's thinking makes it so.  
Then let me, tho I smile or grieve,  
Keep faith with all from dawn till eve.  
Let me each day, thru every test,  
With courage hold to what is best,  
Tomorrow waits—blue skies or gray.  
I have but to be true today.

#### HAY FEVER

One thing about hay fever—it is more seasonable than the seasons have been lately. Hay fever, or better, pollinosis (for other pollens than that of hay are most frequently responsible for it), begins each year at a certain time, that is, when the pollen which is to blame in the individual case is ripe and floating in the air. The trouble passes away for the season at the end of the pollination period of the particular weed or plant. In some cases the attack comes early in the spring, in others in midsummer, and in still others not until autumn, according to the pollination period of the week or plant which is the blame. Pollens of various grasses cause the spring hay fever in most parts of the country, the some cases are caused by sheep sorrel, swamp alder, the docks, elm, oak. The fall fever is due mostly to ragweeds, Russian thistle, wormwood, cocklebur, etc.

When a condition purporting to be hay fever occurs in midwinter or continues long after frost, it isn't hay fever at all. There is no such thing as perennial hay fever.

A fairly common condition which is sometimes mistaken by the victim for hay fever, but which is present the year round or at any rate out of season, is chronic ethmoid sinusitis. The ethmoid sinus (or cells) is one of the air spaces in the skull which communicate with the chambers of the nose and are lined with mucous membrane continuous with the lining of the nose chambers. The ethmoid is pretty well back in the head. Chronic ethmoid sinusitis has been masqueraded in countless cases as "catarrh," especially when a fetid discharge is apparent. It has been the condition underlying many cases of polyps in the nose. It has caused "run down condition" without enough nasal trouble to arouse the patient's interest or even the physician's suspicion. It has been responsible for many cases of chronic arthritis. And it is the real trouble in many cases of unseasonal "hay fever."

When there is much annoyance

from dryness of the throat, nasal obstruction, perhaps some headache or dull pain between the eyes and at the root of the nose, perhaps "kernels" in the neck (inflamed nodes), perhaps some purulent discharge from the nose, an examination of the ethmoid and other paranasal sinuses is always necessary, particularly in adolescents. Yet too often such examination is not made, because the victim is complacent or the doctor acquiescent.

"I have had a peculiar nose trouble for six years," writes a reader. "Upon rising each morning, I start sneezing and then my nose keeps running until noon and sometimes all day long. It is something like hay fever but it continues the whole year round. If I feel cold I start sneezing, and if I get overheated the same thing happens. I have been to several doctors. One said it was probably rhinitis, and another said it was nervousness but

Don't cough at night!

AVOID wakefulness by taking Dr. Bell's Pine-Tar Honey just before going to bed. It loosens phlegm, soothes irritation in throat and chest and prevents the exhausting coughing spasms. Made of just the medicines that up-to-date doctors recommend—combined with the old-time favorite, pine tar honey. In taste is pleasant, too. Keep Dr. Bell's on hand for all the family.

All druggists. Be sure to get the genuine.

some of them could do anything for it."  
Two of the several doctors, evidently, failed to make an examination. They were acquiescent and the victim was complacent. Ethmoid sinusitis sometimes produces marked disturbances of the eyes and of the eye muscles. It sometimes produces a condition resembling asthma.

Examination of the ethmoid requires the use of the head lamp or head mirror and nasal speculum, and in some cases X-ray negatives. If I have hit any reader's case he will please not write to me about it. A physician should be consulted, or a nose and throat specialist if the family physician is not competent. (Copyright, 1933)

### A Thought

The simple believeth every word but the prudent man looketh well to his going.—Prov. 14:15.

It is a curious paradox that precisely in proportion to our own intellectual weakness, will be our credulity as to the mysterious powers assumed by others.—Colton.

### Paid Fancy Prices

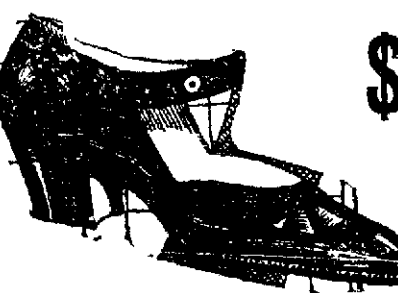

"I paid an international authority on diseases of the stomach \$1,500 and he didn't do me five cents' worth of good. I have been to various spas in Europe, as well as this country and have spent fully \$30,000 fruitlessly in search of a cure for my stomach trouble. Naturally I lost faith in any remedy for my case. My wife's brother had taken Mayr's Wonderful Remedy and praised it so highly that I tried it and am now entirely rid of that trouble." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Hunter's Drug Stores and leading druggists everywhere. adv

These Coats are for men who appreciate the best of fine woolens, who like the finest tailoring, rich silk and satin linings—for men who'd pay twice as much as these coats will cost you, if they had to—but they don't. These coats are in the new snappy models as well as the more conservative styles. There are fleecy and hard finished all-wool plaid back Overcoatings in a wide variety of attractive shades—big, burly overcoats in raglan and semi-raglan models. Many hundreds of new overcoats have been added to this display during the past week. Plan to see them Saturday, while choosing is at it's best.

## U. S. MORALS HIT BY GERMAN

Writes His Views as Obtained on Tour of Country

HIDE BLACKNESS, HE SAYS

Compares Situation in America With Own Land

COLOGNE, — (Associated Press) — German morals are just as good as American morals, but the Americans are more successful in concealing their lapses, according to Dr. Paul Rohrbach, who recently completed a tour of America and is contributing a series of articles to the Cologne Gazette on his impressions of the new world. Dr. Rohrbach says the impression which is general in Germany that moral standards are higher in the United States than in Germany is quite erroneous, as the American morality is only on the surface, and that when one digs down he finds things as black as in Europe. Dr. Rohrbach says American cities do not permit any large sections to

be given over entirely to the social evil and to dubious amusements of various sorts, such as are common now in all European capitals, and especially in Berlin, in consequence of widespread distress and general decline in public morals.

Co-education does not seem to have been as successful in America as had been hoped for, according to Dr. Rohrbach, who says American educators told him the automobile is a machine designed to destroy morals.

STARTLED BY NOVELS Dr. Rohrbach was startled by reading typical American novels in which the state of morals among the American middle class is unveiled, such as "Main Street," "Babbalanza" and "The Great Gatsby." But he does not believe these books give a fair picture of the life of the average American.

The high coloring of American women and the frankness with which they produce their vanity box in public and renew their complexion amused Dr. Rohrbach, but he found that women were not so much painted in circles where music and the higher

things of life are given more consideration. He found that women lead in public affairs, as well as in family affairs, but heard a number of American men complain about the amount of attention paid to women. Dr. Rohrbach thinks American women have too strong an influence in politics and says they are "apt to succumb to propaganda more readily than men." This is the reason, in his opinion, why French propaganda has so much success with the American public. However, Dr. Rohrbach found many sympathetic elements in American character, and he thinks the average American is good-hearted and sympathetic with the poor and unfortunate.

## Religion Doomed To Fall, Huxley, Biologist Says

LONDON — (United Press) — The fundamental premise of Christianity that God is a personal God, capable of and actually effecting occasional interference in this world's affairs, is untenable, and the structure of religious argument based upon that premise is actually toppling today.

That is the opinion of Julian S. Huxley, grandson of Dr. Thomas

Henry Huxley, who first aligned his family with reaction. Darwinism and attacks on "theological prejudices" many years ago. Commenting Huxley's recent book, "Essays of a Biologist," the book reviewer of The London Daily Express, says:

"Religion, as we know it, is doomed to fall to pieces. Prayer is useless. God is a mere man-made fantasy of accumulated traditions. Our ideas of Him as a personal being must be revolutionized if we

are to attain to that crystal-clear religious perspective which, at the moment, is apparently possible only by biologists with obtrusive minds."

"These are the conclusions to which one is forced after reading the essay on 'Rationalism and the Idea of God' in Mr. Huxley's 'Essays of a Biologist.'"

Julian S. Huxley is a biological research worker of prominence. His theories of the thyroid gland operation, by which old men are allegedly made young paved the way for the

actual experiment on human beings. Huxley is also an authority on the changing of sex and kindred subjects which stand between biologists and the full understanding of biology.

## "Held to Answer" With House Peters at Quilna

**"HELD TO ANSWER,"** a screen production of Peter Clark MacFarlane's story of the same title, was presented for the first time yesterday at the Quilna theatre. House Peters has the leading role and is ably supported by Grace Carlyle, Evelyn Brent, James Morrison, "Bull" Montana and John Sainpolis.

The plot is an old one and concerns a young actor who gives up the stage to become a minister of the Gospel. He goes to a small city and is followed by one of his old friends. The minister falls in love with the daughter of one of his parishioners and, thru jealousy the

## Viola Dana Stars In "The Social Code"

**VIOLA DANA** in "The Social Code," an adaptation of Rita Weiman's story, will be presented at the Sigma theatre Saturday and Sunday. It is a thrilling drama of Long Island society and the sacrifice made by a young girl to protect her sister's name.

Miss Dana is supported by a cast that includes Malcolm McGregor, Huntly Gordon, Cyril Chadwick and Viola Dana's sister, Edna Flugrath. These players enact the principal roles in a murder mystery story that holds the attention every moment that it is on the screen. There are elaborate settings, charming and fashionable gowns worn by the star and thrills enough to satisfy even the most rabid motion picture fan. "The Social Code," according to advance reports, is all that a motion picture should be and will undoubtedly add many to thousands who acclaim Viola Dana as their favorite film star. It was directed by Oscar Apfel who has a long list of successes to his credit.

## Magic at Faurot

The Faurot will be turned over

ton which will answer any question asked, even to problems in mathematics. The figure is an exponent of mental telepathy.

Aside from a wondrous array of mysteries, the entertainment is interspersed with high class vaudeville, making in all one of the real pleasure events of the season.

## Faurot Vaudeville

There are two or three acts on the Keith bill at the Faurot, which is filling out the remainder of the week and Sunday, that are much stronger than the average, and which meet with high praise at Thursday's performance. These are the Zarrells who open the show. They do on acrobatic act, made up of several original tricks, difficult and at the same time interesting and clever. There is something always very enjoyable to ninety-nine out of every hundred, whether possessed of a high musical education or not, and that is music when it is exceptionally well played. In this instance it is Nelson Waring, who terms himself "The American Pianist." It is certain that the artist must be accomplished to delve into the classics, and hold the attention of the usual vaudeville audience. He did this, playing a melange or hedge-podge of Franz Liszt, thirteenth rhapsody, mixed in with Paderewski's abbreviations to that suite and a popular melody intermixed. So well did he play it that the whole audience enjoyed it most heartily.

The Four Song Birds, proved to be a quartette of very pleasing voices; two ladies, soprano and contralto and two men, tenor and baritone. With a varied and popular repertory, their act pleased immensely, and this was especially true of old time popular songs, which they rendered in a very excellent manner. Browning & Roberts, in "Two Pals From the South," a blackface act, furnished plenty of amusement. In all it is a very interesting show. One, that is sure to give the highest kind of satisfaction.

## MAYOR IS ACQUITTED OF LIQUOR POSSESSION

**CHARLESTON, W. Va.** — Mayor George S. Abbott, of Hinton, was acquitted on a charge of whisky possession, eleven men and women were held to the grand jury on similar charges, and six persons charged with dry law violations were dismissed, when their cases were heard before United States Commissioner Joseph Ruffner last night. The cases followed wholesale arrests conducted in Hinton, Wednesday, in which federal authorities, private detectives and state police made a campaign to dry up the city.

## WIFE SAYS HUSBAND GOT DRUNK AND STRUCK HER

Charges that Charles L. Deckard, barber, 402 1/2 S. Elizabeth-st., struck her on Aug. 22, while he was in an intoxicated condition, are incorporated in a divorce petition filed in common pleas court Friday by Mrs. Caddie Cordelia Deckard.

After being subjected to such alleged treatment, the plaintiff says she fled from home and has never returned. The couple were married in Lima in 1911. Mrs. Deckard asserts during their married life she has supported herself and furnished the home. Her husband, she declares, has spent his money in drinking and gambling. All furniture and household effects are now in the possession of the defendant, the petition says. A

court order restraining him from disposing of the property is sought under the petition.

## CONSPIRACY CHARGED BY GOVERNOR WALTON

**OKLAHOMA CITY** — A concerted conspiracy by Oklahoma house and senate members to drive from office Governor J. C. Walton, because of his opposition to the Ku Klux Klan was charged today by the suspended executive. "This entire impeachment business was started when I suspended the right of habeas corpus and summoned troops to protect citizens against the Klan" was the governor's version coincident with summons served on commercial telegraph companies to produce as evidence telegrams exchanged between legislators since September 1.

## CITY HALL NOT ON CALLING LIST

Officials Not Conferred With by Indemnity Agents

Altho H. E. Pendleton of the Royal Indemnity Co. of New York City has been in Lima since Wednesday afternoon, so far as is known, he has not conferred with any city officials relative to the plans for completing the sewer contract on which Fred R. Jones Co. defaulted, officials said Friday.

B. F. Darling, engineer in charge of sewer work for the city said he had tried Thursday night to get in touch with Pendleton but had been unable to do so while Pendleton, contrary to his usual habit, has not been in city hall since he arrived in Lima.

With the city manager and mayor both out of the city, Pendleton has not had a chance to confer with them, but this failure to visit city hall to arrange for a conference with the engineer the city has employed to direct the construction of its system of intercepting sewers, has caused city commissioners, they said Friday, to wonder what is in the offing.

Commissioners have been figuring up just what position the city will be in if the Royal Indemnity Co. should decide not to finish the Jones contract but let the city do it. Commissioners say the city has a total in cash and the bond of the New York concern amounting to \$357,000 for the completion of the contract on which the original bid for the entire job was \$340,000.

Besides the bond of \$170,000 which the Royal Indemnity Co. gave to insure the city the contract would be completed, the city has \$170,000 in cash in a First National bank, this being the unexpended balance of the money received from the sale of the bonds issued for the construction of the sewer system, also the city is holding \$17,000 of the money due the Jones company, this being 10 per cent of the total estimates of his work thus far done.

## 22,000 IN PEACE CONTEST

22 Nations Seek Prize Offered for Plan to End Wars

NEW YORK—(Associated Press)—The jury which will award the \$100,000 offered by Edward Bok, for the best practicable proposal to achieve and preserve peace begins today the monumental task of picking the winning plan from the 22,665 which had been submitted at the close of the contest last night. Medals proposed to end war came from men and women scattered among 22 nations.

Announcement of the winner is expected by January 1. The jury of award, of which Elhu Root is chairman, will select the best plan. The winner will receive \$50,000 immediately, and \$50,000 additional if the plan is approved by the United States senate or when the jury has decided that an adequate degree of popular support has been shown for the remedy.

A nation-wide referendum on the selected plan will be conducted in January by the award policy committee. Members of the policy committee estimated that at least one-fourth of the contestants were women.

**\$5,000 WORTH OF FURS TAKEN BY BANDITS**

NEW YORK—New York's latest crime wave continued today when bandits smashed a plate glass window in the fashionable Fifth-avenue shop of Hickson Inc. and escaped in an automobile with \$5,000 worth of furs.

The robbery occurred while four watchmen were in the store which is located on the avenue at Fifty-second-st. The bandits sent two bullets crashing thru the window. The watchmen were unable to reach the street in time to get a description either of the bandits or their car.

**ATTORNEY IS ARRESTED ON EXTORTION CHARGE**

LOS ANGELES—Herman L. Roth, prominent Hollywood and New York attorney, was held incommunicado today following his arrest on a charge of attempting to extort \$20,000 from Barbara La Marr, film star.

Roth, it was charged, threatened to file an amended complaint in the divorce suit brought against the actress by Bernard Deely, her husband, in which 37 prominent picture people were to be named co-respondents.

**OHIOAN IS ARRESTED ON ROBBERY CHARGE**

CINCINNATI—Harvey Langdon, 45, Wyoming, Ohio, one of the proprietors of the Stockton club near Hamilton, and former owner of the Woodlawn Inn, another roadhouse near Cincinnati, was arrested last night as a result of a secret indictment by the federal grand jury at Dayton. Federal officers charged that he is implicated in the holdup and robbery of a United States mail truck on April 7, 1921.

**TWO ACQUITTED**

LONDON—After a brief trial for killing Vorovsky, soviet delegate to the League conference last May, Maurice Conrad and his associate, Poullina, were acquitted today on an Exchange Telegraph dispatch from Lausanne said.

**ATTORNEY DIES**

MARIETTA—Charles H. Danford, 67, prominent Marietta attorney, died at his home here early today. He had been a practicing attorney for the past 27 years and was known in the legal profession thru out Ohio. Danford was also prominent in Pythian circles and was chairman of the Grand Tribunal of

## MISSOURI WOLVES WORSE THAN IN LAST 40 YEARS

WASHINGTON—Wolves are more of a menace in many sections of Missouri this year than they have been within the last 40 years and the state and federal governments have combined to exterminate them. So troublesome have they become to the K. of P. poultry that a special appropriation of \$15,000 for fighting them was made by the state. The biological survey of the department of agriculture is cooperating with the state in the extermination of wolf trappers. The government has sent an inspector to select trappers, plan and direct their work, and to receive requests from counties needing assistance. A Missouri wolf No. 1 was killed near Rolla, Phelps county, early in September, and since then wolves have been trapped in other counties.

## FRANCE, BRITAIN NEARING BREAK

Paris' Threats Against Germany Frowned on by London

LONDON—(Associated Press)—Indications are multiplying that England and France are approaching the parting of the ways on the question of how to deal with Germany. France's threatened penalties against Germany if Berlin does not recede from its position on the extradition of the former crown prince and the re-establishment of full allied military control in Germany are declared in government quarters here to be wholly unacceptable to England.

These penalties are understood to be:

First—The seizure of more railroads east of the occupied area which would probably include the entire occupation of Frankfurt by the French.

Second—Consolidation and extension of the Franco-Belgian military position in the Ruhr.

Third—The occupation of Hamburg and Bremen.

(Paris despatches today said high officials of the French foreign office declared they knew nothing of any plan for French occupation of Hamburg and the ground for this disclaimer would seem also to exclude Bremen.)

**PROHIBITION AGENTS SUED FOR \$50,000**

TOLEDO—Jacob Tromblay, Adams-st. justice of the peace, his prohibition raiding force, consisting of Earl L. McCurdy, Edward C. Tremblay, Benjamin R. Huttis and Francis W. Willis, and their bondsmen, late yesterday were sued in common pleas court for \$50,000 by Edward W. Ufer, Toledoan.

Ufer says the dry agents led by Tromblay invaded his home July 24, entered the room of his wife, an expectant mother, and created such a disturbance that Mrs. Ufer suffered discomforts and the child, born four days later, died.

**ARGANBRIGHT SENDS SEALS TO TEACHERS**

C. A. Arganbright county superintendent of schools, has prepared a circular letter for teachers in the county in connection with the sale of Christmas seals.

Last year each teacher was sent \$10 in seals and in every instance all the seals were sold. The sale this year begins December 1 and closes December 25. Arganbright explains that 80 per cent of the proceeds from sale of seals remain in Allen Co., exclusive of Lima and Delphos, to carry on health work of the rural school nurse among children. Twenty per cent of the proceeds is returned to the state.

**EARTH TREMORS RECORDED**

WASHINGTON—Earth tremors of sharp intensity were recorded on the Georgetown University seismograph last night beginning at 11 33 p. m. The disturbance which continued until midnight was estimated by Director Tondert of the university observatory to have centered about 1600 miles from Washington. It appeared, he said, that it might have been within the United States.

**DINNER PLANNED**

Plans have been completed for the Blue Triangle Alumnae "get together" dinner which will be held Monday at 6 p. m. at the Y. W. C. A. Following the dinner, the girls will be entertained at a moving picture, "The Work of the Y. W. C. A. in the World" at the Trinity M. E. church.

## ASPIRIN

Say "Bayer" and Insist!

Unless you see the name "Bayer" on package or on tablets you are not getting the genuine Bayer product prescribed by physicians over twenty-two years and proved safe by millions for:

Colds Headache  
Toothache Lumbago  
Rheumatism Parache  
Neuralgia Pain, Pain  
Accept "Bayer Tablets of Aspirin" only. Each unbroken package contains proper directions. Handy boxes of twelve tablets cost few cents. Druggists also sell bottles of 24 and 100 Aspirin. The trade mark of Bayer Manufacture of Monocetate diester of Salicylic acid.

## MAINLY ABOUT PEOPLE

Private Raymond R. Bruns, who has been stationed at Providence, R. I., is visiting his parents Mr. and Mrs. A. J. Bruns, 444 N. West-st. After a 10 day furlough, Bruns will be stationed in South America for some time.

Mr. and Mrs. T. W. McGaw, of Pittsburgh, have been guests of Mr. and Mrs. A. H. Beecher, W. Spring-st.

Ohio building contracts amounted to \$24,849,600 during the month of October, figures compiled by the F. W. Dodge Corp. show. This is a decline of 12 per cent over September but an increase of two percent over October of last year. Construction for the first 10 months of the year is given as \$280,266,800 an increase of nine percent over 1922.

Mr. and Mrs. J. F. Sutton, who were called to this city by the serious illness of their grand daughter, Miss Lois Sutton, W. North-st., have returned to their home in Xenia.

"Law of Brain Building" was the topic discussed by Gertrude Alma Tiffany in a lecture Thursday night at the Hotel Argonne. Each person has the same number of brain cells at birth, she said, but some develop them to their full 100 percent capacity. "We tend to become like those things to which we give our attention," she said.

Father and Sons' banquet given at St. Paul's Lutheran church Thursday night was attended by 101 persons. Women of the church provided an enjoyable menu, which was followed with a program of music and talks. During the meeting

## PAIR CONFESSES KILLING BABY

Man and Woman Are Held in Jail at Elyria

ELYRIA—(United Press)—A married man and a widow, mother of six children, are in county jail here, charged with the slaying of a two-day-old baby girl.

Lewis Bowles, 55, and Mrs. Alice Hull, 42, neighbors on Wellington-farms, confessed, according to authorities, when confronted with the exhumed body of their child.

The baby was born October 20. Two days later, according to the alleged confession, the mother suggested poisoning the child.

Then, according to police, Bowles went to Wellington and bought the drug, placed the infant in a box with a handful of cotton soaked in it, nailed the lid shut and left the box in the barn thru the night. The next day he buried the box behind the barn.

The two were apprehended when suspicious neighbors misled the baby and notified authorities. The next-made grave was found and the body exhumed.

Bowles and Mrs. Hull are held on a technical charge of infanticide.

**OHIO SCHOOL HEAD STRESSES NEED OF TEACHING ENGLISH**

Urging that special emphasis be placed upon the teaching of English in Ohio schools this year, Vernon M. Riegel, state superintendent of public instruction, has sent a letter dealing with the subject to C. A. Arganbright, county superintendent of schools. Similar letters are being sent to superintendents thruout the state.

Riegel said the child is entitled to educational opportunity for his physical, moral and spiritual development to the full extent of his possibilities. He says, "While the program in formal education should be broad enough to achieve these results the sources and means of education outside the formal school program must not be lost sight of. Many of our great Americans—Washington, Lincoln, Edison, Franklin and others, obtained practically all their training and preparation for life outside the school."

Riegel tells of the value of newspapers, describing them as one of these extra-curricular educational agencies.

## That Hang-on Cough Must Go

Home Made Cough Mixture Best of all for the Cough that Sticks

Make It Yourself In Two Minutes

The coughing season is on and every home should have a supply of the best cough remedy to be had, and as you can make this supremely excellent cough mixture yourself why pay high prices for the common kind.

Get from any druggist one ounce of Parment (double strength)—to this add a little granulated sugar and enough water to make one half pint—that's all there is to it.

Then when any member of the family starts coughing or catches cold in chest or head, or has acute catarrh, you are prepared as you should be.

And the children love to take it. With speed almost beyond belief this home made cough mixture stops the toughest hang-on cough, and all because in it there is a substance (too costly for ordinary cough syrups) that immediately covers the membrane like a soothing, healing poultice, and blessed relief comes at once.

And you should also bear in mind that any remedy that overcomes catarrh, partially or wholly, is bound to be of benefit to those who are troubled with head noises and catarrhal deafness.

Get Parment and get better.

plans were discussed toward organizing basketball and bowling teams. Charles L. Ackerman presided.

Mr. and Mrs. Irvie R. Pfister, of the Aberdeen-apts., announce the birth of a daughter Thursday night.

Dale Marshall, local tenor, will sing a number of selections at the vesper service to be held at St. Paul's Lutheran church Sunday at 4 p. m.

Dr. F. W. Rohlfing, pastor of St. Paul's Lutheran church, will be the speaker at a Lutheran Father and Sons' banquet to be held in Wapakoneta Friday night.

McHugh-Cole Co. Friday received another estimate for work done on the Main-st sewer job, the amount to be paid the contractor being \$3,453.75.

An application for first citizen's papers was filed in common pleas court Friday by Charles T. Courtney, 24, insurance agent, and former subject of England. His application states that he came to the United States in 1921, from Seven Sister, Wales.

## CENTRAL HIGH NOTES

Twenty members of the Spencer-ville High school faculty were visitors at Central High all day Thursday. Schools near Lima have been sending their teachers to South and Central during the past few weeks.

Athletic Manager E. A. Hansen announced Friday that a special car to Defiance will be chartered. Sufficient reservation have been made to insure its success, it was said.

Members of the Amateur Chemists club are getting into the real hard work of the year according to R. P. Edmiston, head of the science department. "In the work being done includes: Qualitative Analysis, Stephen Churchill and Kenneth Aggerer; Aniline dyes, Mack Colt; Steel analysis, Andrew Nicols.

## German Letter Has 30 Million Marks Postage

Thirty million marks to bring a letter from Germany to Lima. Yep, that's what it cost relatives of W. L. ("Pete") DeWeese to write to him.

Pete got the letter Friday morning and it had on the envelope six stamps, each of the five million mark denomination. "In the work before the war 30,000,000 marks would have meant a fortune with each mark worth about 25 cents of American money," said Pete.

**HARMAN CALLS MEETING**

Frank E. Harman, who will head the annual roll call of the local chapter, American Red Cross, has called for a meeting to be held in Red Cross headquarters, W. Elm-st, Friday at 7 p. m. at which time all arrangements for the annual roll call will be made. Headquarters will be maintained at the Elks club during the canvass that begins Monday.

## Says—Now Stiff Joints Must Go!

New Discovery Limbers 'Em Up and Even the Creaking Ceases

Yes, it's true—the world progresses. All you have to do nowadays to lumber up that stiff, rusty knee joint is to squeeze a half inch of miracle working substance from a tube.

Then rub it on the offending part for about a quarter of a minute or until it soaks through the skin and disappears on its errand of mercy.

Then read the evening newspapers and go to bed.

The chances are that your misbehaving knee joint will lose its "creak" while you are dreaming about the high fences you used to leap when you were a youngster.

"And in the morning," says one who has tried the new discovery, "you'll feel so happy that you'll want to jump into your sportiest clothes and walk briskly down the street just to show the neighbors that you are not as old as they think you are."

Joint Ease: They call this wonder working substance, for the reason that when ordinary remedies fail to limber up the stiff, inflamed rheumatic joint, or reduce the swelling, Joint-Ease succeeds.

It's a good name for a good, clean, scientific preparation that in just a few months has proven to a multitude of people that lame, swollen, distorted joints can speedily have the kinks taken out of them and work as smoothly as ever.

## MORE STREET CHANGES PLANNED BY ENGINEER

Plans for improvement of Main-st not only contemplate wider curbs at street intersections, but also mean setting the catch basins back from the curb and away from the street corners, City Engineer Jew-burst said Friday morning.

These plans will be prepared and made ready for the new commission and that body will have the privilege of accepting or rejecting them.

mean setting the catch basins back from the curb and away from the street corners, City Engineer Jew-burst said Friday morning.

These plans will be prepared and made ready for the new commission and that body will have the privilege of accepting or rejecting them.

It will be up to the commission which takes office Jan. 1 to provide for the paving of Main-st and complete the sewer which is to be suspended Dec. 1 to give Christmas shoppers a chance to use the street.

### JUDGE DELAYING WINE RULING

Hamilton Searching Law to Issue Written Decision

Decision in the case of Joe Tavianno, 223 E. Vine-st., Italian, charged with possession of intoxicating liquor is still held under advisement by Probate Judge J. H. Hamilton. He is seeking to obtain information on the matter.

Such information, he understands was given in a ruling or decision

recently made, either by a state court or by Attorney General C. C. Crabbe.

So that his decision may be thoroughly plain to everyone, Judge Hamilton, announced Friday that he will deliver a written opinion in deciding the case.

He has always followed the custom, he said, where public interest in the case is great, or where the law and evidence seem almost balanced.

Under amendments of state law the manufacture of cider and non-intoxicating fruit juices is permitted in the home, and persons have the privilege of allowing fermentation to take place for purpose of manufacturing vinegar.

On the other hand the state contends that wine is an intoxicating drink and is therefore illegal.

### STUART HANCOCK DIES AT MUSKEGON, MICH.

Word has been received here telling of the death of Stuart Hancock, former Lima resident, on Nov. 10 at Muskegon, Mich. Death was due to pneumonia.

Hancock is survived by his widow and one son, of Muskegon and his mother, one sister, Mrs. F. H. Pohl-label and a brother, Alexander Hancock, all of Lima. Another brother John Hancock, of Muskegon also survives.

Miss Thelma Rhoda has been named as stenographer in the office of City Engineer Jewhurst to succeed Miss Vera Jewell who went to the local office of the state highway department November 1. Miss Rhoda assumed her duties Friday morning.

### You'll never go back to the old fashioned pencil or pen

Eversharp for speed, for hard work, for permanent release from common pencil faults. Other pencils seem disappointing once you have used Eversharp. No other pencil can be like it—for Eversharp's features can't be copied.

Eversharp's perfect balance makes it a comfortable pencil to hold. And it is a pleasing pencil with which to write. The lead never wobbles—the exclusive rifled tip holds it firm. You always know the length of lead—the automatic index tells you. And you find extra leads and the handy eraser under the cap. Two Eversharp pens are useful when you have colored lead in one.

The all-metal Wahl Pen is outstanding among fountain pens. It is a remarkable improvement. It can neither crack nor split. The all-metal barrel holds more ink. Wahl Pen is beautiful, durable. It will last a lifetime.

Buy both matched in gold or silver. Eversharp, \$1 to \$10; Wahl Pen, \$4 to \$10. Solid gold at higher prices. Look for the name on the pencil and the pen. See also the Wahl rubber pens. \$2.50 up.

## HALF OF VOTERS CAST BALLOT

Statistics on Franchise Given Out  
by Pershing

INDIANAPOLIS — (Associated Press) — American citizens must be educated to accept their fundamental national responsibilities if they are to continue in the enjoyment of their rights as individuals, declared General John J. Pershing in a statement issued here today thru the American Legion. Statistics of the franchise, General Pershing said, show that less than half of the eligible voters actually cast their ballots.

After declaring that the people of the United States are progressing toward a fuller realization of the obligations of their national citizenship, but do not yet meet their national responsibilities to perfection, General Pershing's statement continued:

"It is here that education has its greatest opportunity for achievement. What can education do to make sure that when young men and women enter upon citizenship they are as eager to assume the responsibilities as they are to enjoy the privilege? How can the living objectives stated in the preamble to the constitution be so instilled into them that they will consciously strive to realize them?"

"These are to me among the most vital of our educational problems. National development depends on their successful solution. They can be progressively solved if America determines to do it. Education week is a good time to begin work directed toward this most significant end."

The statement was issued as an appeal to observe American Education Week, November 18 to 24, which the legion is fostering in cooperation with the National Education Association and the United States Bureau of Education.

### HOME REMEDIES OF OUR ANCESTORS

Almost every man and woman in America can remember the potent recipes of our mothers and grandmothers for the treatment of such ailments as colds, coughs, and other ailments. Every fall there were stored away in the attic thoroughwort, pennyroyal, catnip, sage, wormwood, rue, etc. for treating ills of the family during the winter months that followed. In 1873, Lydia E. Pinkham's Vegetable Compound was first prepared from one of these potent recipes, and the demand for it has increased to such an extent that hundreds of tons of roots and herbs are now used annually in its preparation. It has recently been proved that 98 out of every 100 women, who try it have been benefited by its use which is a marvelous record for any medicine to hold.—Adv.

## Special Early Christmas Bargains for Cash

This store has established a reputation all its own, as THE STORE THAT SELLS FOR LESS FOR CASH.

People have come to understand that it costs money to buy on long time. They are beginning to know that interest, accounting, bad credit and the wages and commissions of collectors must all be charged against the merchandise bought on time and that the CASH store can and does sell for much less.

Just now, with a very heavy stock of Christmas goods and with new Christmas merchandise arriving daily we are willing to give our STRICTLY CASH customers (we have no other kind) even better prices than we will be able to maintain during the rush of the Christmas business.

The reason is quite plain. By giving these extraordinary inducements we can create business and cut down overhead. 'Nuf said. WE BOTH PROFIT BY EARLY CHRISTMAS SHOPPING. Start now to buy for cash and save money.

Of Course, I'll Take

## Celery King

I take it every season and so do mother and the children. It's old fashioned and made of roots and herbs, but's right there, just the same, and costs next to nothing.

We all think it's the best tonic laxative we ever heard about, and so do other people we have recommended it to.

Take it every other night for three weeks, if you want to feel better, sleep better, work better and be better.

It purifies the blood, clears the skin and chases away that worn out feeling. Brew a cup tonight just like you make tea. You'll like it.—Adv.

# PLOT IS AIMED AT PROMINENT MEN

Politicians in Slovakia Are Marked for Removal

# NIPPED BY CAPITAL POLICE

Leaders Surprised at Meeting and Placed Under Arrest

PRAGUE — (Associated Press) — The police of Bratislava, the capital of Slovakia, recently discovered, they said, a group of men had joined together for the purpose of "removing" a number of prominent Slovak and Czech politicians, including several members of the Czechoslovak government. At the head of the conspiracy, police said, was Augustin Caderna, secretary general of the so-called "Slovensky ochranný svaz," a national union for the defense of Slovakia's autonomy created under the auspices of the Slovak People's party. Caderna had gained for the plot a number of adherents, mostly dismissed or active, civil servants, Hungarians and Magyarsophiles. Caderna's organization was subdivided into three groups. The first consisted of six men, who, like Caderna, had some sort of higher education. They were to decide who were to be removed and when and where the acts were to be performed. The second, the so-called "executive" group, was composed of desperadoes, chiefly individuals who had been punished for severe crimes. These men were to carry out the plots hatched by the first group. The third section constituted the spies, who were to obtain all the details concerning the persons marked for removal. When the plot was thwarted, according to evidence gathered by the police, the first group had actually held counsel from September 3 to 10 in Caderna's lodging about the execution of the first 10 on the black list. The plot, it was said, was about to be handed over to the executive group (Caderna and the other ring-leaders) and placed under arrest. Search is being continued for the other accomplices.

# ORDER TO CHECK WAR STAMPS NOT RECEIVED

DELPHOS — "I have received no order from the third assistant postmaster general to make a search of the records, and files of this office for unsold or unused war stamps or third stamps of the issues of 1918 to 1921, inclusive," said Postmaster J. H. Russell, when asked if such an order had been received. The third assistant postmaster general sent such requests to many offices in the country according to newspaper dispatches from Washington, but it is possible that only the larger cities were included. "We check up all our war savings and third stamps more than a year ago and reported to the postoffice department," said Russell, "and have receipts for all that were returned. What we are doing now, however, is checking up our records on the war savings and third stamps of the year 1922 and notifying the holders of them that the stamps will expire then."

# LOTS OF RABBITS AND ONE COON ARE BOASTED

DELPHOS — Hunters of Delphos are bragging a little of the plentifulness of game after their experiences of Thursday the first day of the hunt. The limit is ten in a day, but no limit has appeared to claim the limit. Several coons were near by, but no one was near. A few male turkeys were shot. Quail are very plentiful, say hunters, but there is no special reason on them. A C. M. Will clerk of Marion-tn. reported he had secured 20 licenses Wednesday trapping his total for the season to about 35. Joseph Beckman, a car of Washington-tn. reports the securing of 40 licenses Wednesday and Thursday, making his season's total around 60. Hunters say most of the rabbits taken Thursday are old, that few young ones were seen.

# DELPHOS HI JOURNEYS TO PAULDING FOR A CONTEST

DELPHOS — Jefferson high school "ball eleven" and a number of fans left for Paulding, Friday, for a contest on the gridiron with the Paulding high school squad. The field was muddy and wet, making spectators very unlikely. The line-up for the Delphos squad was announced by Eugene Gorrell as follows: Quarterback, Hicks left guard, Schlemmer center, Hicks right guard, Hicks right tackle, Hicks right end, Hicks left end, Hicks left tackle, Hicks left guard, Hicks left end, Hicks left tackle, Hicks left guard, Hicks left end. The team was led by Hicks, who was named MVP. The game was a close one, with Delphos winning by a score of 14-10. The game was played on a muddy field, and the players were wearing muddy uniforms. The game was a good one, and the fans enjoyed it. The game was played on a muddy field, and the players were wearing muddy uniforms. The game was a good one, and the fans enjoyed it.

# Co-Eds Refuse To Indorse Ban On Men Who Drink

MADISON, W. I. — (Associated Press) — Three thousand University of Wisconsin co-eds last night at a compulsory meeting registered unanimous disapproval of drinking and appealed to federal authorities to take action against intoxication and liquor, but refused to sanction a proposed resolution prohibiting association with any men who drink. "The women of Wisconsin go down on record as opposed to drinking," declared the resolution adopted. "They shall sign a petition and present it to the federal authorities in order to have definite action taken against intoxication and its sources in the city of Madison." "How can we tell if they have been drinking?" was the universal chorus when a resolution prohibiting co-eds from dating with men who drink was proposed. L. L. Jacobs, president of the Girls' Government Association, who called the meeting, declared that unless conditions were checked the enrollment of women would be considerably lower next year. The Daily Cardinal, student publication, declared editorially after the institution's homecoming football game that "the annual drunk is over."

# VAN WERT NOTES

The Elks' carnival at Van Wert, netted the lodge nearly \$1,000, according to members of the order, and the money will be contributed to the boy scouts and used for filling baskets at Thanksgiving and Christmas time for the less fortunate people of the city. The carnival was held Nov. 7 to 10. Under the will of the late John F. Schmeckle of Washington-tn., Van Wert-tn., the property left by deceased is to be divided equally between the two sons, Frederick E. L. of Columbus and Albert F. of Delphos, after all debts, funeral expenses, and a grave monument have been taken care of. Albert F. Schmeckle was named executor without bond by the probate court.

# SCHOOL MILK PLAN SEEN AS SUCCESS IN DELPHOS

DELPHOS — Ninety-eight half pints of milk are supplied daily to pupils of the public schools who are under weight. Weighing of the children has been completed by the health nurse, and the milk supply was started about three weeks ago. Splendid results were obtained last year by such furnishing of milk, officials say, and as good results are looked for this year. The money to pay for the milk is obtained thru the sale of Christmas seals. The window advertising for the seals sale this year has not started until the first of December. Delphos' quota is 60,000, and that number has been reached by the people in charge of the campaign here.

# BASKETBALL SEASON AT DELPHOS OPENS FRIDAY

DELPHOS — Opening of the basketball season by St. John's school team is scheduled for Friday night, when St. John's squad of Lima comes to Delphos. This contest will be held in St. John's auditorium, where a thousand spectators can be accommodated. The line-up has not been definitely decided, but it is understood Bob Ulin will play right forward, Irvin Hanf at center, and the team will be coached by "Uncle" Schmidt at guards. Left forward is likely to be assigned to "any one of three extra players—Shelby, Mueller, and Rucker, who have been playing strenuously to make the position.

# PROCLAMATION ISSUED

DELPHOS — Mayor John H. Altenburger has issued a proclamation urging general observance of American education week, Nov. 18 to 25. This is the week set aside by the National Educational association as "education week," and the mayor requests that cooperation with the national society by the schools and citizens be given.

# DELPHOS BRIEFS

# WHOLESALE MEN HOLD MEETING

Plan Organization of Credit Bureau in Near Future

Wholesale merchants, members of the Lima Board of Commerce have under consideration a plan for the establishment of a wholesalers' credit bureau similar to the bureau maintained by the retail merchants of the Board of Commerce.

Wholesalers met Thursday evening at dinner at the Barr hotel and discussed plans for establishing the bureau. William F. Foust of the Ohio Dairy was named chairman of a committee to investigate and report at a meeting held on call from Secretary J. E. Morton of the Board of Commerce. Others on the committee include Clyde Myers, manager of the Peerless Candy Co.; Louis Gardner of the L. S. Gardner Co.; William Placit of the Schenck-Placit Co. and Clinton Seals of the James Seals Co.

Thursday noon the executive committee of the Board of Commerce held its regular luncheon at the Elks home and voted on the United States Chamber of Commerce referendum on reforestation legislation which the national chamber is expected to foster.

Vice Chairman Tom Schoonover, who was in charge of the executive committee luncheon and meeting, named a special nominating committee to report at the next meeting its list of nominations for Board of Commerce offices. This committee includes Louis Huffman of the Lima Locomotive Works as chairman; H. E. Simonton of the Lima Telephone & Telegraph Co. and John Williams of the Williams Brothers plumbing concern.

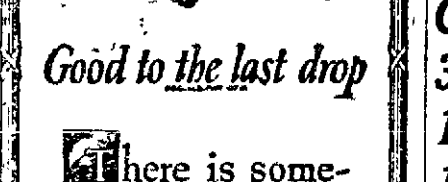

# PONY AND HARNESS ARE AMONG LOSSES OF DAY

Pony and set of harness were reported Thursday. Harry Place, 537 Holmes-av, reported the loss of his pony. He found it later, according to report to police. Elbert Edmiston, 1038 Reese-av, reported his barn was opened and a set of harness stolen.

A neighbor reported that his sons stole the property. He notified juvenile officer Chapman, who will talk to the boys.

# ENLISTS IN U. S. NAVY

William P. Swaney, 1404 S. Main-st Thursday enlisted in the United States navy at the Marine recruiting office. Swaney signed up for the engineering branch and will be assigned to the navy training school at Norfolk, Va., for two months' course of recruit training preliminary to his assignment to a trade school or war ship.

# Picture Is On Shrunk Mark Goethe Scorned

BERLIN — Dr. Heuer, director of the Frankfurt Goethe Museum, says it is sacrilege to print Goethe's picture on the almost valueless paper money. Frankfurt recently issued a two-million mark note bearing the famous German poet's portrait, and similar money has been issued by other German cities.

When Goethe was prime minister of the little dukedom of Saxe-Weimar he strongly opposed the issuance of paper money and used to say, "Paper money swallows at first the silver and then itself." In "Faust" Goethe made Mephistopheles the creator of sham paper money, thus showing the dramatist's contempt for that form of circulating medium.

# DAMAGE CASE SETTLED AFTER JURY IS READY

After a jury had been selected for the trial of a \$10,150 personal injury and damage suit brought by Frederick Arthur Bryan, garageman, 816 Brice-av, against the Lake Erie & Western railroad, in common pleas court Friday, a compromise was effected.

Attorneys for the railroad made a proffer to the plaintiff that was acceptable. The amount of compensation given Bryan was not made a matter of court record.

From other sources it was learned, however, that the offer exceeded \$2,000 and costs of the case.

Bryan was hurt when a train hit his car Nov. 5, 1918, while crossing the railroad tracks at E. High-st. He was incapacitated for a considerable length of time from injuries incurred in the accident.

# FARMING GIVES WAY TO INDUSTRY IN OHIO SAY EXPERTS

Ohio has definitely changed from an agricultural to an industrial state, and a study made by rural economists at the Ohio state university shows that now only 20 per cent of the population live on farms. During the past 10 years cities have increased their population by more than a million. Meanwhile the rural population has steadily decreased.

This industrial expansion has been greatest in northeastern Ohio, the report shows. Five counties alone in that section—Cuyahoga, Summit, Stark, Mahoning and Trumbull show a net increase of more than 500,000 in urban population. In all, Ohio now has 52 cities with a population of 10,000 or more, and 40 others with more than 5,000 but less than 10,000.

Experts state that situated on the eastern edge of the corn belt, Ohio more than any other middle western state has felt the increasing demand from the eastern states for food. For this reason, economists say, Ohio farmers are today giving more attention to intensive farming, to raising fruit, vegetables, poultry and dairy products.

# A THREE DAYS COUGH IS YOUR DANGER SIGNAL

Chronic coughs and persistent colds lead to serious lung trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a new medical discovery with a two-fold action. It soothes and heals the inflamed membranes and kills the germ.

Or all known drugs, creosote is recognized by the medical fraternity as the greatest healing agency for the treatment of chronic coughs and colds and other forms of throat and lung trouble. Creomulsion contains in addition to creosote, other healing elements which soothe and heal the inflamed membranes and stop the irritations and inflammation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and destroys the germs that lead to consumption.

Creomulsion is guaranteed satisfactory in the treatment of chronic coughs and colds, bronchial asthma, catarrhal bronchitis and other forms of throat and lung diseases, and is excellent for building up the system after colds or flu. Money refunded if any cough or cold, no matter of how long standing is not relieved after taking according to directions. Ask your druggist. Creomulsion Co., Atlanta, GA.—Adv.

The cause was dismissed on motion of the state when the jury brought in an open verdict that Reaume died of gunshot wounds inflicted by Mrs. Brunin. Mrs. Brunin, testifying on the stand, admitted her love for Reaume but declared she had determined that the affair must end.

Last Saturday when Reaume attempted to embrace and pursued her into the bed room, she shot him, she told the jury. Her husband, Hendricks Brunin, had taken the children to a motion picture show.

## MRS. BRADLEY HOSTESS TO ALTRURIANS

MRS. W. C. BRADLEY opened her country home in Shawnee Friday afternoon for the regular semi-monthly meeting of the Altrurian club. The women enjoyed the "Melodrama" program, having been arranged by Mrs. H. M. Dille and Mrs. C. E. Lynch.

Miss Esther Lynch played a piano solo, "Swing Song," which delighted her audience and this was followed by a vocal trio, "This a Wild Rose," sung by Mrs. Thomas Pearson, Mrs. W. D. Clark and Mrs. C. E. Lynch. Mrs. Lynch gave a most interesting account of Melodrama's life and of his work and Mrs. Dille spoke of Peterborough Colony, at Peterborough, N. H., which was founded by McDowell and was formerly the McDowell farm. Miss Beatrice Deardorff of Bellefontaine, a niece of Mrs. Dille's, played "Melodrama's" "Polonaise in E Minor," and Miss Violet Bradley played "The Eagle." Following this charming program, assisted by Miss Bradley, served a buffet tea.

Guests at the meeting were Mrs. Emma Curtis, Mrs. F. D. Bradley, Miss Esther Lynch, Miss Beatrice Deardorff of Bellefontaine and the Misses Lucy and Rhoda Smith of Buffalo, N. Y.

Mrs. Glen Butler extended hospitality to the members of the Wednesday Matinee Bridge club at the home of her mother, Mrs. J. B. Thompson, 111 Elm-st. Friday afternoon. Luncheon was at one o'clock. The hostess was assisted by her sister, Mrs. Arthur Black, throughout the afternoon. Guests other than the club members were Mrs. W. B. Hawke and Miss Ruth Parmenter.

Mrs. Frank Engler, Ontario-st., is the guest of relatives in Columbus. She will be joined by Mr. Engler on Saturday and both will return home the following day.

## SUSIE SMART'S ADVICE

Dear Miss Susie Smart—  
PLEASE answer the following questions for me:  
We are two girls 17 years of age. One of us has light hair and the other dark. How would we best be to wear it, straight or curly?

What length do you think dresses should be?  
We are both freshmen in high school. In what class should we be?

Are short coats going to be worn all winter?  
Which is going to be worn most, gossamer or flapper boots?

What color dresses would we look best in?  
Are we too young to drive automobiles?

Is it all right to let a boy take a home from town?  
Are we too young to have dates with two respectable boys on one date in two weeks?

If we go away one evening out of a week, how late should we stay?  
How much should we give?

What would be a nice gift to our mothers, about \$1.00 or \$1.50?  
My mother has dark hair on her upper lip. How can it be removed without harming?

Thanking you for your attention to our questions, we are,  
BLOOM AND GRUMP

As far as the styles are concerned, it is considered better to wear one's hair straight these days. However, you should be a little young to be worrying about the curling of your hair. If you begin while you are so young to curl and fuss with your hair, it will lose its attractiveness.

That depends a good bit on your height. I should say 11 inches from the floor would be a good length.

I believe 17 is a little young to be in high school. Thirteen is usually the age for the Junior High.

No doubt they will be worn more of the winter; they are very stylish and serviceable.

The gossamer, I hope. They are more serviceable and are not made for looks and style and to keep the feet and ankles dry. The flapper boots were merely a fad, weren't they?

Almost any color. The flapper could wear brown and the various shades of brown, blue and purple. The brunettes may also wear browns, rose, blue and other shades.

Yes, there is a law requiring children to be over 14 to drive an automobile.

Yes, an over-abundance of powder and rouge is harmful. One young age should not think of using cosmetics so early in life.

I'd be content with my friends among the girls for a while if I were your age.

Girls your age should weigh 85 pounds.

A few handkerchiefs, some little ribbon novelty for her boudoir or a set of collars and cuffs would be nice.

The best way is to have the hairs removed by an electric needle. There is no way of disguising the face with this method as there might be if she tried to remove them herself with some kind of a lotion.

## SOCIAL CALENDAR

Fun and frolic reigned supreme at Memorial Hall on Wednesday and Thursday of this week, for on those days the Fall Festival, held under the auspices of the Lima Federation of Women's clubs, took place. Although the total receipts have not been determined, it is quite certain that it was a successful festival. With the proceeds, the work of the various committees of the federation will be carried on during the year.

Mrs. E. B. Taylor, president of the federation, said "it was a grand success and we wish to thank the women who served on the committees for their wonderful co-operation."

Mrs. Henry Delsol, Jr., was the general chairman of the affair.

Members of the London Bridge club, a newly organized social club, met at the home of Mrs. Brice Apple, N. College-st., for their initial meeting, Thursday afternoon. At the conclusion of the card games, Mrs. F. H. Wittenbrook held high score.

Mrs. A. M. Pinch, Elmwood Place, welcomed the members of the S. C. D. club to her home, Thursday afternoon. Euchre was the afternoon's diversion and at the conclusion of the game, Mrs. Victor Cordosi and Mrs. Frank Sieber held high scores among the members and Mrs. F. R. Schimpf was high among the guests.

The hostess served a two-course tea at five o'clock.

Guests were Mrs. F. R. Schimpf and Mrs. Durwell Bots of Ft. Thomas, Can.

The club will meet in three weeks with Mrs. Andrew DeCurtin, Greenlawn-av.

Mrs. John F. O'Donnell, Brice-av., was hostess to the members of the Marlette club at her home, Thursday afternoon. Bridge was the afternoon's diversion with Mrs. J. V. Diamond holding high score. The hostess served a two-course luncheon assisted by Mrs. Frank Strain and Miss Eleanor Strain, both of Cincinnati, who are the guests of Mrs. O'Donnell.

Mrs. Patrick McGraw, Mrs. Harry Kaylor of Pittsburgh and Miss Flora Beckman of Delphos were the guests of the afternoon.

Miss Mary Kennedy, W. McKibben-st., will entertain the club in two weeks.

Tickets are going rapidly for the benefit card party and dance to be held at the Knights of Columbus building Friday evening, under the auspices of a group of young women, members of the Temple Beth Israel. Miss Leona Bernstein is chairman of the affair.

A popular orchestra has been engaged for the dancing and tables will be arranged for euchre and bridge in the lounge of the ballroom.

More than half a hundred guests will be entertained at tea on Friday by Mrs. Frank Moke who will preside at her second tea of the week at her home, 1014 W. Market-st. Receiving with Mrs. Moke will be Mrs. F. A. Smith, formerly of Huntington, W. Va., who has come to Lima to make her home.

"Ouf, m'sieur. But she no squaw-girl. She grand person who make ze court with ze governor."

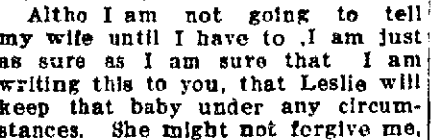

"And Mr. Ainley, what is he doing at Fort Malsum?"

"Ah, M'sieu Ainley! He also is ze great man. He is to be among the governors—one day. He also visits ze posts, and will no doubt travel with ze governor, whose portrait he is."

Stade made no vocal reply to this. He nodded carelessly and passed into the store. Factor Rodwell looked around as he entered, and surveying him with a measuring eye, as if taking stock of a new acquaintance, then gave him a curt nod and resumed his barter with the Indian. His assistant being also busy for the moment, Stade turned towards the Indian girl whose disquietude he regarded him shyly, and addressed her in her native dialect.

The party drew nearer. Stane was conscious of its attention, and the blood in Miskodeed's face came and went in a manner that was almost painful. Any one looking at them, and noting the apparent absorption of the man and the certain embarrassment of the girl, must

# SOUTH HI PRIMED FOR WIN AGAINST HEAVIER RIVALS

## Churchill Downs Greets Zev While Kentucky Horseman Back Native Colt To Win

### SNAPPY SPORTS

Sam Hildreth, trainer of Zev, remarked to a friend while passing Cincinnati Thursday enroute to Louisville, that he thought they were in bad. "Train hit an automobile, killed four men; water handed me two \$2.00 bills, after I paid for breakfast; I threw 'em out of the window. Jinxed."

Giants annex Eddie Ainsworth, who was a free agent, to their list. He played most of last season with Cardinals; released late in the season, he joined Brooklyn, from there he was let out unconditionally. It was his fifteenth season in the major leagues.

The Coleman team are all Menthers—nine brothers—they won the championship of the district league in Michigan. Besides the name, they are every position on the team, there are three more, who can be called upon to pitch. Each of the brothers are six footers. The past season is their second straight pennant in that league.

M'Tigue is in bad with his manager, Joe Jacobs. He has sued him for \$1,341. An accounting of the money Jacobs is said to have received is asked for. This is the same M'Tigue, who did or very near lost his light heavyweight title to "Young" Stribling, the Georgia schoolboy.

Announcement of the plan for a three horse international race next spring to decide the championship of the world between Zev, Peepo and the French row Epinaud, appears to have not been only premature but greatly exaggerated.

One thousand fight fans who paid for tickets expecting to see Johnny Dundee and George Craney fight at Newburg Heights September 15, will get 25 percent of their money back next week. Sidney W. Sangster, receiver for George Shimola, promoter of the bout that failed, made this announcement after Judge Homer G. Powell, authorized payment of 25 percent of the approved claims.

GRAND RAPIDS, Mich. — Winning all but the first round, Harry Greb, middleweight champion, took an easy victory from Chuck Wiggins, Indianapolis, at Grand Rapids Thursday night. Wiggins put up a hot fight but could not cope with Greb's hard wallop. The battle went 10 rounds. Greb weighed 166 and Wiggins 177.

### Nut Leagues Formed By Y.M.C.A.

At a meeting of the State Athletic Committee of the Ohio Physical Directors Society held in Columbus, Monday, plans were set for State competitions in a number of activities. The committee consisted of Dr. Wilsbach, Cincinnati; Harvey Allen, Dayton; E. W. Roehm, Columbus; I. G. Maxwell, Lima, and Earl W. Brannon, Youngstown.

Among the new ventures which the committee decided to inaugurate is a State Nut Basketball Tournament. Nut Leagues are to be started in Associations which desire to compete, the teams of which are to be composed of the club players who rarely ever get a chance to play on a regular team. These players may not play on any other team, must be seventeen or over, must be members of the "Y", must have participated in six games in the local Nut League and must be bona fide amateurs according to the Athletic League definitions.

The State is to be divided into two sections for this competition. Ashley of Springfield, to be in charge of the Southern Ohio tournament and Hoogesteger, of the East Side Branch, Cleveland, the Northern tournament. The places for holding the tournaments will be announced later.

Representative basketball team championships were also approved by the committee. However, the sectional tournaments are to be limited and only one grand state tournament will be held in which will representative teams will be encouraged to compete. Home and away series may be arranged between teams representing different associations prior to the championships but the results of these games will have no bearing on the finals.

Every association in the state will be given an opportunity to bid for the State tournament and the city which appears to be the best suited will be awarded the privilege of holding the tournament.

**VOLLEY BALL CHAMPIONSHIPS**  
Volleyball championships will be held under practically the same conditions as last year. Sectional tournaments will be held in Northwestern, Southwestern, Central and Northeastern Ohio and the four winners will be brought together in Columbus for the finals. Harvey Allen will have charge of the Northwestern section, I. G. Maxwell the Northeastern, E. W. Roehm the Central Section, and Harry Hoogesteger, the Northeastern section.

Age limits and eligibility rules will be the same as those for the national tournament which will be announced in a few weeks. It was decided to hold a State Handball tournament at Dayton at the time specified by Harvey Allen, National Director in that city.

### Canton McKinley Plays South Hi Saturday. Team Will Miss Throckmorton

South Hi plays Canton McKinley on South field Saturday. The local boys are looking forward to a hard game. Coach Burdette states that he has been working with his team hard all week, practice and rough scrimmages have been the order of work every day. The team is unfortunate so far as Throckmorton is concerned. He has been out of practice since last Saturday, when he received a severe strain of the muscles of his back. It is doubtful if he will be able to get into the battle Saturday, although strong hopes are held out that he will.

The Canton McKinley team are not lacking in beef, they will outweigh the local boys by considerable margin. Their average weight being about 240 pounds. So far as their playing strength is concerned, it is proper to say that all thru they are no stronger than South Hi. A good comparison is gotten from the game against Akron South. Canton was beaten by a score of 10 to 0, while South Hi held the Akron team to an 18-0 score.

Canton has a colored half-back named Johnson, who is fast and a star at the position.

South Hi are playing with more determination now than ever. As the time for the crucial game approaches they are beginning to realize the fact that they must give the best possible account of themselves against Central Thanksgiving Day. They will go in against the visitors Saturday with an abundance of confidence and a determination to win. They are aware that they are up against a much heavier team, but they are sure where they lack in weight they will make up in speed and stamina.

**CENTRAL PLAYS DEFIANCE**  
Central interest points toward the Defiance game Saturday in which the local team will have a chance to show its real strength just before the crucial game with South.

With six victories tucked safely away the red and green is anxious for the big battle and will attempt to show Saturday that they are in prime condition. Defiance, although the local team will have a chance to show its real strength just before the crucial game with South.

The lads from Defiance have been setting a rapid pace this year and with a victory over South feel quite confident that they are better than anything Lima can offer. The local boys feel differently and will go into the fray, willing and confident.

Coach Thelbert intimates that if the game shows anything of a sure win, he will substitute his second stringers and let them show just what strength they have got.

Last night the usual hard practice sessions were indulged in and the local look to be in fine shape. The ghost ball was used and scrimmage lasted long after darkness. Only signal practice will be on the program for Friday night according to Coach Thelbert.

While the first team is going to Defiance the Central reserves will be called upon to do battle with the interscholastic team from Wapak. Wapak has a heavy aggregation. With wins over St. Marys and Delphos in the past few weeks they are anxious to knock off the local boys.

Coach Schultz sent his protégés thru a final hard night of practice Thursday and announced that so far as he is concerned Wapak is due for a drubbing Saturday. Last year the Wapak team defeated the Reserves.

The Reserves will go to Wapak with a squad of 24 under the direction of Cree Swisher, an assistant coach.

**NORTHERN LOOKS GOOD**  
ADA, Ohio—(Special to The Lima News)—Because of the wonderful showing they did at Cincinnati last Saturday in holding the Cincinnati University team to a 15-7 victory, the Northern footballers were given a holiday Monday and no practice was held. However they went thru an hour's fast signal drill Tuesday and showed worlds of speed.

The team is exuberant over the fact that Kerschner may begin the game this Saturday against Heidelberg. The lads love to Akron and Cincinnati have been traced by Northern backers to the fact that Kerschner was handicapped in each game thru injuries and consequently could not play his usual game. But he is in fine condition this week and should be able to get into the Heidelberg contest he is almost certain to annex a couple of touchdowns.

**Contenders In Match Race Ready**  
LOUISVILLE, Ky. — Lovers of thoroughbred horses arose early Friday and journeyed out to Churchill Downs, drawn to the track by the presence of Zev and In Memoriam, contenders in a match race scheduled for Saturday afternoon in which the Rancocas stable's crack colt will attempt to reverse the decision of the Landon championship in which he was defeated by Carl Wiedemann's colt, and win back to the position of defender of the title of the champion three year old.

Zev arrived late Thursday from the east and was reported by his trainer to have stood the trip well. With Kentuckyans in Memoriam, a Kentucky horse owned by a Kentuckian is a sentimental favorite. Whether Blue Grass turf fans will put their pocketbooks where their hearts are, however, remains to be seen. In some quarters the prediction was made that Zev will be established favorite in the betting.

The distance, one and a quarter miles, is regarded by many observers as best for Zev. The horses are to carry equal weight, 126 pounds each.

### WAS BETTER THAN 48 YARDS EVER DONE ON PLACEMENT KICK?

SPRINGFIELD, Ohio—Followers of football here want to know if any punter ever did better than 48 yards on a placement kick in an honest-to-goodness Ohio conference game. If not, Wittenberg College has in George Rohleder, a giant tackle, the best punter in the state. His 48 yard drive for three points in the recent Oerbin game brought him considerable attention.

Rohleder, who is a powerful man in the line, has been called back to try for the three points quite often in recent games, and thus he becomes an additional threat in the offense of the "Fighting Lutherans" who are after their place in the sun, and are climbing. Rohleder, who comes from Bryan, Ohio, also got three points by kicks after touchdown making a total of six points in one game for the lineman.

As is recorded in all pictures taken of him in action, his feet do not go very high, but action is shown in the arms. Coach Godfrey, Rohleder has done as many as four straight kicks from the 50 yard line during practice. He has kicked 65 yards from placement in practice. The longest drive he ever made on a kick-off was 85 yards.

Fortunately for Wittenberg, Rohleder has another year at the college. He began kicking only this year, says the coach who rates him as the best tackle in the Ohio conference.

### As A Matter of Fact

BY HARRY BRADBURY  
Sports Editor.

The scholastic senate dealt the Glenview High school team a solar plexus blow, when the ordered all games that school team had played cancelled. It was an unfortunate ruling, so far as the school team is concerned, but eminently fair so far as the rules of amateur football are concerned. So far as the eighth semester rule is considered, it is understood that the ineligible players were reinstated, but when further investigation revealed the fact that they had been playing professionally, there was nothing else to do than to throw all games out of the scholastic schedule. The Plaindealer, of Cleveland in mentioning the affair states that "particularly with regard to the Plain Dealer says: three players who were declared ineligible for playing non-scholastic football at the time when they believed they were under the ban of the eight-term rule, do they feel that the ruling made by the high school principals was unjust." Con-

ball in this city." **RULES AND TO LIVE UP TO THEM NECESSARY**  
To all fair minded people the action of the senate in this instance will be looked favorably upon. If amateur football were not governed by rules, the game as it is played now would soon be a thing of the past. This is proven thru the chaotic condition of amateur sports previous to the organization of the A. A. U. It was only thru these rules and the formation of that organization that amateur sports were able to exist and to endure. The results are plain to be seen, for it must be understood that college and scholastic football abide to a greater extent in those laid down by the A. A. U. and especially is this true so far as deriving at the difference between professional and amateur is concerned. Let all sports be clean, fair and honest. It is the only way that they will be able to stick in public favor.

**MR. DEMPSEY YAND HIS ASPIRANTS**  
When the thought comes that Mr. John Dempsey is able to bask in the smiles of a semi-tropical sun, that waits its soothing influences over this many brow, in the Golden state of California, another mind derivative drifts thru the same vacuum of just how he manages it, with a full quartette of willing and eager aspirants at his heels doing their best to make night and day hideous with their cries that have a savor of the sidestepping. There's Firpo, Louis Firpo—say it like Peepo, and you'll have it right; and Thomas Gibbons, erstwhile of St. Paul, Minnesota. Feer gave John a frightful burning words; Master Jack said he didn't know whether he was fighting Peepo or the good king of Abyssinia after he got Peepo's wallop on the jaw, and again John might be reminded of the fact that Sir Thomas, had the audacity, nerve and

stamina to stay fifteen rounds, which was contrary to programs and invitations to see a murder done; that with all the tremendous punishing profligates he was accused of, the bank got hit the hardest. Remindful of Thomas and Peepo there is still Mista Harry Wills, Canadian mauler, par excellence, all dancing the dance of banter, mid semi-arctic blasts; waiting in the cold, senility. Thus, for Mr. John Dempsey to give just a little time to the pursuits of fistfuls instead of absorbing all his leisure to his gold, silver and coal mines Wonder if he will bickerate mid the sun-kissed slopes of the Pacific all winter, keeping these splendid laws in the cold. Spect he will, he is noted for it, and come to think of it, what a foolish thing it would be to banter punches again with Peepo.

### GROSS BOXES LUCAS

Jakie Gross meets Johnny Lucas, before the American athletic club, of Cincinnati. Monday night Lucas is said to be very clever, and has been giving a good account of himself during the past year. He is perhaps more clever than a hard puncher. The match being made quickly, does not give Gross much of a chance to get into the very best shape, but is working hard and will go to Cincinnati with the firm intention of winning the match.

## Churchill Downs Greets Zev While Kentucky Horseman Back Native Colt To Win

### SNAPPY SPORTS

Sam Hildreth, trainer of Zev, remarked to a friend while passing Cincinnati Thursday, enroute to Louisville, that he thought they were in bad. "Train hit an automobile, killed four men; waiter handed me two \$2.00 bills, after I paid for breakfast; I threw 'em out of the window. Jinxed."

Glenns annex Eddie Almsmith, who was a free agent, to their list. He played most of last season with Cardinals; released late in the season, he joined Brooklyn from there he was let out unconditionally. It was his fifteenth season in the major leagues.

The Coleman team are all Members—nine brothers—they won the championship of the district league in Michigan. Besides the nine, playing every position on the team, there are three more, who are called upon to pitch. Each of the brothers are six footers. The past season is their second straight pennant in that league.

M'Tigue is in bad with his manager, Joe Jacobs. He has sued him for \$1,341. An accounting of the money Jacobs is said to have received is asked for. This is the same M'Tigue, who did very well for Joe's light heavyweight title to "Young" Stribling, the Georgia schoolboy.

Announcement of the plan for a three horse international race next spring to decide the championship of the world between Zev, Papyrus and the French roe Epinar, appears to have not been only premature but greatly exaggerated.

One thousand fight fans who paid for tickets expecting to see Johnny Dundee and George Craney fight at Newburg Heights September 15, will get 25 percent of their money back next week. Sidney W. Sangster, receiver for George Shimola, promoter of the bout that failed, made this announcement after Judge Homer G. Powell, authorized payment of 25 percent of the approved claims.

GRAND RAPIDS, Mich.—Winning all but the first round, Harry Greb, middleweight champion, took an easy victory from Chuck Wiggins, Indianapolis, at Grand Rapids Thursday night. Wiggins put up a hot fight but could not cope with Greb's hard wallop. The battle went 10 rounds. Greb weighed 166 and Wiggins 177.

### Nut Leagues Formed By Y.M.C.A.

At a meeting of the State Athletic Committee of the Ohio Physical Directors Society held in Columbus, Monday, plans were set for State competitions in a number of activities. The committee consisted of Dr. Wilsbach, Cincinnati; Harvey Allen, Dayton; E. W. Roehm, Columbus; I. G. Maxwell, Lima, and Earl W. Brannon, Youngstown.

Among the new ventures which the committee decided to inaugurate is a State Nut Basketball Tournament. Nut Leagues are to be started in Associations which desire to compete, the teams of which are to be composed of the club players who rarely ever gets a chance to play on a regular team. These players may not play on any other team, must be fifteen or over, must be members of the "Y", must have participated in six games in the local Nut League and must be bona fide amateurs according to the Athletic League regulations.

The State is to be divided into two sections for this competition. Ashley of Springfield, to be in charge of the Southern Ohio tournament and Hoogesteger, of the East Side Branch, Cleveland, the Northern tournament. The places for holding the tournaments will be announced later.

Representative basketball team championships were also approved by the committee. However, the sectional tournaments are to be limited and only one grand state tournament will be held in which will representative teams will be encouraged to compete. Home and away tournaments will be arranged between teams representing different associations prior to the championships, but the results of these games will have no bearing on the finals.

Every association in the state will be given an opportunity to bid for the state tournament and the city which appears to be the best suited will be awarded the privilege of holding the tournament.

VOLLEY BALL CHAMPIONSHIPS. Volleyball championships will be held under practically the same conditions as last year. Sectional tournaments will be held in Northwestern, Southwestern, Central and Northeastern Ohio and the four winners will be brought together in Columbus for the finals. Harvey Allen will have charge of the Southwestern section, I. G. Maxwell the Northwestern Section, E. W. Roehm, the Central Section and Harry Hoogesteger, the Northeastern section.

Age limits and eligibility rules will be the same as those for the national tournament which will be announced in a few weeks. It was decided to hold a State handball tournament at Dayton at the time specified by Harvey Allen, Physical Director in that city.

### Canton McKinley Plays South Hi Saturday. Team Will Miss Throckmorton

South Hi plays Canton McKinley on South field Saturday. The local boys are looking forward to a hard game. Coach Burdette states that he has been working with his team hard all week, practice and rough scrimmages have been the order of work every day. The team is unfortunately so far as Throckmorton is concerned. He has been out of practice since last Saturday, when he received a severe strain of the muscles of his back. It is doubtful if he will be able to get into the battle Saturday, altho strong hopes are held out that he will.

The Canton McKinley team are not lacking in beef, they will out-weigh the local boys by considerable, their average weight being about 200 pounds. So far as their playing strength is concerned, it is proper to say that all thru they are no stronger than South Hi. A good comparison is gotten from the game against Akron South. Canton was beaten by a score of 10 to 0, while South Hi held the Akron team to an 18-0 score.

Canton has a colored half-back named Johnson, who is fast and a star at the position.

South Hi are playing with more determination now than ever. As the time for the crucial game approaches they are beginning to realize the fact that they must give the best possible account of themselves against Central Thanksgiving Day. They will go in against the visitors Saturday with an abundance of confidence and a determination to win. They are aware that they are up against a much heavier team, but they are sure where they lack in weight they will make up in speed and stamina.

CENTRAL PLAYS DEFIANCE. Central interest points toward the Defiance game Saturday in which the local team will have a chance to show its real strength just before the crucial game with South Hi.

With six victories tucked safely away the red and green is anxious for the big battle and will attempt to show Saturday that they are in primo condition. Defiance, always boasting a good team, is no exception this year and should give the locals a stiff tussle.

The leads from Defiance have been setting a rapid pace this year and with a victory over South feel quite confident that they are better than anything Lima can offer. The local boys feel differently and will go into the fray, willing and confident.

Coach Theibert intimates that if the game shows anything of a sure win, he will substitute his second stringers and let them show just what strength they have got.

Last night the usual hard practice sessions were indulged in, and the locals look to be in fine shape. The ghost ball was used and scrimmages lasted long, after darkness. An agreed practice will be on the program for Friday night according to Coach Theibert.

While the first team is going to Defiance the Central reserves will be called upon to do battle with the inter-scholastic team from Wapak. Wapak has a heavy aggression. With wins over St. Marys and Delphos in the past few weeks they are anxious to knock off the local boys.

Coach Schults sent his proteges thru a final hard night of practice Thursday and announces that so far as he is concerned Wapak is due for a drubbing Saturday. Last year the Wapak team defeated the Reserves. The Reserves will go to Wapak with a squad of 24 under the direction of Cree Swisher, an assistant coach.

### MR. DEMPSEY YAND HIS ASPIRANTS

When the thought comes that Mr. John Dempsey is able to bask in the smiles of a semi-tropical sun, that waits its soothing influences over this mainly brow, in the Golden state of California, another mind derivative drifts thru the same, vacuum of just how he manages it, with a full quartette of willing and eager aspirants at his heels doing their best to make night and day hideous with their cries that have a sound very like sidestepping. There's Firpo, Louis Firpo—say it like Feppo, and you'll have it right; and Thomas Gibson, erstwhile of St. Paul, Minnesota. Peep gave John a frightful lacing, according to the recipients burning words; Master Jack said he didn't know whether he was fighting Feppo or the good king of Abyssinia after he got Feppo's wallop on the jaw, and again John might be reminding of the fact that Sir Thomas, had the audacity, nerve and stamina to stay fifteen rounds, which was contrary to program, and invitations to see a murder done; that with all the tremendous punishing proclivities he was accused of—, the bank got hit the hardest.

Remindful of Thomas and Feppo there is still Mista Harry Wills, ebony colored scientific wallpaper from N'Orlean, and Mr. John Renault, Canadian mauler, par excellence all dancing the dance of banter, and semi-arctic blasts; waiting in the cold, seriously, anxiously, for Mr. John Dempsey to give just a little taste to the pursuits of fistclutts instead of absorbing all his leisure to his gold, silver and coal mines. Wonder if he will hibernates mid the sun-kissed slopes of the Pacific all winter, keeping these splendid fellows in the cold. Spec he will; he is noted for it, and come to think of it, what a foolish thing it would be to banter punches again with Peppo.

**GROSS BOXES LUCAS**

Jakie Gross meets Johnny Lucas, before the American athletic club, of Cincinnati, Monday night. Lucas is said to be very clever, and has been giving a good account of himself during the past year. He is perhaps more clever than a hot puncher. The match being made quickly, does not give Gross much of a chance to get into the very best shape, but is working hard and will go to Cincinnati with the firm intention of winning the match.

**NEW YORK** — (Associated Press) — Conflicting price movements took place at the opening of today's stock market. There was a fair demand for some of the low-priced rails with Reading leading the early advance in that group. Coppers were heavy. Davison Chemical advanced two points and Kresge broke thru to a new 1923 high. Most of the standard industrials developed a slightly reactionary trend in the early dealings. Revival of rumors of a forthcoming cut in the dividend caused another break of 4 1/4 points in Jones Brothers. Tea, which duplicated its previous advance, dropped 1/2 point. 1 1/2 points on profit-taking and Stomberg Carburetor dropped 2 1/2. Coal carrying rails improved. Foreign exchanges were weak, demand sterling establishing a new low for the year and French francs selling at the lowest rate in all time.

The market appeared sensitive to selling pressure during the morning, although the recessions in the recognized leaders were held to a point or less. Weak spots cropped out, however, among the specialties and minor industrials, many of which dropped one to four points. Steel shares were freely offered just before noon. U. S. Steel touching 93. Davison Chemical was run up 4 1/2 points in brisk trading and gains of 4 and 5 points respectively, were registered by United Cigar Stores and Kresge. Revival of a demand for Maxwell A. was accompanied by rumors of a higher dividend for that stock. Maxwell also was well bought. Call money opened at 3-4 per cent.

## COLORADO HOUSE 3,000 YEARS OLD

Belonged to Race Older Than Cliff Dwellers is Belief

**DURANGO, Colo.** — (Associated Press) — A race antedating the Christian era by 1,000 years inhabited the southwest, is the statement made here recently by Jesse Nusbaum, superintendent of the Mesa Verde national park, Colorado, after the uncovering of a house said to have been inhabited by a people long before the cliff dwellers arrived in the section now known as the Mesa Verde National Park.

The Nusbaum discovery was made about eight feet beneath the floor of a foundation, over which dwelling and in the same cavern, located about a mile south of the Spruce Tree house in the park. The tribe, according to Nusbaum and other members of the party that unearthed the house, belonged to what are known as the "basket-makers," and their presence here was established beyond a doubt by the class of pottery discovered in the house, it was said.

This pottery, Nusbaum asserts, is identified easily as of a period at least 1,000 years before Christ, and other evidence was found to justify the statement that this region was inhabited by humans long before the cliff dwellers arrived. The pottery was of a crude clay, tempered with cedar bark, a process used by the earliest ancients. It has an abbe color with a slight pinkish cast.

## Swiss Society Closes Doors To League Workers

**GENEVA** — (Associated Press) — The higher social circles of Geneva, one of the oldest of the capitals of Europe, find some difficulty in admitting the League of Nations and its sister organization, the international labor bureau. There is little if any social contact between the four hundred of Geneva, most of whom dwell on the side of the Rue de Granges which overlooks the ancient ramparts, and many hundreds of foreigners who are working for the league. Efforts to build a bridge of contact have not succeeded and the league people remain a world apart.

But there have a good time nevertheless. Many of the girls stenographers, many of their boarding houses, have formed little clubs and give parties. Many of the men secretaries, then, have been put into the reach of all, and the inviting little international club, situated near the Rhone, is open to both men and women.

The golf course founded by the league people has one of the finest settings in the world and calls forth admiration from many an American visitor. It is laid out in the beautiful valley of the Rhone near the city. On one side is the gleaming Jura range of mountains and on the other the glittering French Alps. This is the great league playground.

Hiking up the hills and mountains is another pastime for the workers in their hours of freedom. While skating, skiing and bobbing have their devotees in the winter season.

## CODE USE DENIED BY FORBES

All Messages Clear, He Tells Veterans' Bureau Probers

**WASHINGTON** — (Associated Press) — The sharp polemic of the senate veterans committee, driven forward again today thru the affairs of Director Charles R. Forbes, turned up another collection of charges, denials, and counter charges.

With Forbes on the stand, under cross-examination, the inquiry traversed a wide field of subjects, ranging from hospital contracts to alleged drinking parties and pleasure trips. The former director continued to deny generally and specifically the accusations of misconduct that have been made against him.

The code which E. H. Mortimer testified was arranged for the use of certain contracting firms and some officers of the veterans' bureau figured largely today in the cross-examination.

Forbes reiterated his denial of any knowledge of any such code which Mortimer had said was arranged during the Pacific coast trip of Forbes and his party in the summer of 1932 for the use of C. B. Hurley of the Hurley-Mason Company of Tacoma, J. W. Black of the Black-Thompson Company of Chicago and others.

Mortimer said he had never sent any messages to Hurley in code, Forbes said all the messages that went out from him were signed by "Charles R. Forbes" and "were in the clear." The witnesses said he could offer no explanation if copies of his communications to Hurley are not in the bureau files.

## Dog Beats Auto As Best Carrier In Frozen North

**COPENHAGEN** — (Associated Press) — Dog teams still hold the leading position as a means of conveyance in the frozen north; a certain type of power tractor has been tried in their stead but found wanting, in the opinion of Lange Koch, the Danish explorer, who has just returned to Copenhagen after experimenting in northern Greenland with the machines. It is almost impossible to substitute self-propelled machinery for dogs, he says.

The party left Copenhagen in a small motor schooner in July, 1929, and by the following March had built a base 125 miles north of Thule, in latitude 78 north.

The first difficulty with the tractor was experienced in unloading them from the boat and getting them on inland ice. In 12 inches of snow a slight incline, but at a very slow speed the tractor dragged a load consisting of nine barrels of petrol, a barrel of oil, a barrel of benzene, test materials, etc. It is therefore necessary for the tractor to drag great weights which consist mainly of its own fuel and oil.

While the motor worked very well at thirty degrees below zero, considerable difficulty was experienced at lower temperatures, and finally it was necessary to abandon the use of the tractor entirely, as they held up the progress of the expedition and showed signs of wearing out quickly.

The Koch expedition was organized as a scientific and mapping expedition and in this capacity was eminently successful.

**Pressure of Duties too Great Former Head Declares**

H. E. Simonton, president of the Lima boy scout council has resigned and is succeeded by Lynn B. Timmerman, head of the Timmerman Auto Sales Co., according to formal announcement made Friday morning by Simonton. Pressure of business at the telephone office is given by Simonton as the reason for his resignation as head of the scout council.

Simonton, in view of the fact that his name has been connected frequently with gossip as to the city managership, stated emphatically Friday morning that the city managership has absolutely no connection with his resignation as president of the scout council. In a

**SCOUT PRESIDENT**

**LYNN B. TIMMERMAN**

confidential statement to The Lima News he showed how his resignation cannot in any way be considered as being inspired by possibilities that he might be named city manager.

**ACTION UNANIMOUS**

Simonton's resignation and the election of Timmerman, first to the council and then to the presidency of the council occurred at a meeting of the scout council held this week at which the majority of the members were present, Simonton said. Both the resignation of Simonton and the election of Timmerman were by unanimous action, he said.

In announcing the fact of his res-

ignation, Simonton said, "I have long felt that the increased burden of my work at the telephone office made it impossible for me to give my best efforts to promotion of the scout work and that I should lay aside the cares of the presidency, altho still vitally interested in scout work I will, therefore, continue on the scout council, but the active work of the presidency has been given into the capable hands of Lynn Timmerman."

**FORMED IN 1919**

Lima's scout council is four years old, having been formed in the fall of 1919 after there had been a county wide drive for funds for the national boy scout council. H. E. Simonton was chairman of that drive and was largely instrumental in forming the local council. During the first two years he served as vice president of the council and then succeeded to the presidency which he now relinquishes in favor of Timmerman.

Members of the council will meet Wednesday with Joseph M. Butcher of Columbus, regional director of scout work for Ohio, Kentucky and West Virginia when it is expected a new scout executive to succeed C. L. Conrad will be named. Simonton said Friday it is the hope of the council to have the scout executive named so he can take up his work Dec. 1.

**HEALTH COMMISSIONERS TO ATTEND INSTITUTE**

Dr. J. J. Sutter, county health commissioner, and Dr. J. B. Poling, city health commissioner, will attend the Ohio Health Commissioners Institute to be held at Columbus for one week beginning Monday, November 19. Mrs. Annie Fechter and Charlotte Bassett, county nurses, will attend the conference on public health Wednesday.

Dr. Sutter said one of the discussions that will be of particular interest to Lima is that on garbage

ing of garbage at Middletown is by Lumma, health commissioner of Middletown. The plan of disposal about \$18,000.

SHORT SHAVINGS

The government reports that the peanut market is very dull. Why shouldn't it be? Baseball and circuses have hibernated for the winter.

"Twelve girls saved as poultry plant burns," says a headline. Well, we are glad some of the chickens were saved.

With thousands of persons competing for the \$100,000 peace prize it has been suggested that another contest be held to discover a plan to make the peace plan work.

Desire of keeping up appearances and the necessity of keeping down expenses are famous affinities.

Distressed wives can now take heart. A California woman has obtained a divorce because her husband made too much noise when he ate celery. That should also apply to soup.

Some politicians spend more time working the public than working for the public says the man next door.

Now that there are 1,000,000 autos in Ohio we suspect someone will start a horse and buggy fad.

# The Phonograph that amazed Lima can be bought!

There is a rumor abroad that the instrument which triumphed in the drastic comparison test, made last Monday at Memorial Hall, was a special exhibition model. That rumor is false. The instrument was a regular Official Laboratory Model—out of our own stock.

Every Edison Phonograph in our stock is guaranteed to sustain the same test.

If you were one of those, in Monday's audience, who wistfully exclaimed: "Wouldn't it be wonderful if I could buy a phonograph like that"—know that you can. Know that it will perform this miracle every day for you in your own home.

## The NEW EDISON PHONOGRAPH

Come in and hear for yourself the marvelous realism of the New Edison. Find out about our Budget Plan, which enables you to own a New Edison for a small down payment, the balance on a gentleman's agreement to suit your convenience.

Note:—The test at Memorial Hall was made by Elizabeth Spencer, the world-famous soprano. She compared her living voice with its Re-Creation by the New Edison. There was no difference between the living voice and the Re-Created voice.

The New Edison stands absolutely alone in this achievement; no other phonograph has ever sustained this test of comparison.
